

CLASS SIZE

The Board of Trustees recognizes that smaller classes may contribute to student learning by allowing teachers to better identify and respond to individual student needs. In accordance with negotiated employee agreements and state law, the Board shall establish class size limits appropriate for each grade level or subject taught and conducive to the effective use of teaching staff.

(cf. 4141/4241 - Collective Bargaining Agreement)

The highest priority for maintaining small class sizes shall be in the primary grades in order to support young students as they acquire the basic skills that serve as the foundation for subsequent learning. Other priorities shall be established in accordance with the goals and strategies identified in the district's local control and accountability plan (LCAP).

(cf. 0200 - Goals for the School District)

(cf. 0460 - Local Control and Accountability Plan)

For grades K-3, the district shall annually make progress toward maintaining an average class of not more than 24 students, unless an alternative annual average class size for each school site is collectively bargained. (Education Code 42238.02; 5 CCR 15498-15498.3)

Transitional kindergarten classes established pursuant to Education Code 48000 shall be included in the calculation of average class enrollment for kindergarten.

(cf. 6170.1 - Transitional Kindergarten)

At the secondary level, district priorities for class size reduction shall focus on English language arts, mathematics, science, social studies, and other courses that are necessary for completion of graduation requirements and shall be aligned with student needs as identified in the district's LCAP.

(cf. 6143 - Courses of Study)

(cf. 6146.1 - Graduation Requirements)

For students who require special education and related services, the ratio of instructional adults to students in group services shall be dependent on the needs of the students. However, for children ages 3-5 years who are placed in group services, the teacher-child ratio shall be less than 1:24 and the adult-child ratio shall be less than 1:8. For children ages 3-5 years who are identified as severely disabled, the ratio of instructional adults to children shall not exceed 1:5. (Education Code 8264.8, 56441.5)

The Superintendent or designee shall provide the Board with an analysis of staffing and school facilities needs and other costs related to class size reduction proposals.

(cf. 3100 - Budget)

CLASS SIZE

(cf. 6117 - Year-Round Schedules)

(cf. 7111 - Evaluating Existing Buildings)

The Superintendent or designee shall annually report to the Board regarding the impact of the class size reduction program on student achievement and other outcomes such as changes in school climate and student engagement.

CLASS ASSIGNMENT

The Board of Trustees believes students should be assigned to classes and/or grouped in a manner that provides the most effective learning environment for all students.

When assigning students to specific courses and classes, the principal or designee may consider the following criteria as appropriate for the grade level and course:

1. Staff recommendation, including, but not limited to, the recommendations of teachers and counselors
2. Skills and classroom management style of individual teachers
3. Student skill level as indicated by multiple objective academic measures, such as student assessment results, grade point average, and grades in prerequisite courses

(cf. [5121](#) - *Grades/Evaluation of Student Achievement*)

(cf. [6152.1](#) - *Placement in Mathematics Courses*)

(cf. [6162.5](#) - *Student Assessment*)

(cf. [6162.51](#) - *State Academic Achievement Tests*)

4. Balance of high, medium, and low academic achievers
5. Student interests, readiness, behavior, and motivation
6. Student/teacher ratios and, if relevant, class size reduction considerations

(cf. [6151](#) - *Class Size*)

The principal or designee may accept from parents/guardians any information which would be helpful in making placement decisions. However, a parent/guardian who provides such information shall be informed that a request for a specific teacher shall be one of many factors which may be taken into account when determining his/her child's placement.

During the school year, the principal or designee may make any adjustments in class placement which he/she considers beneficial to the student or the educational program.

Additional Requirements for Grades 9-12

Except for a student enrolled in an alternative school, community day school, continuation high school, or opportunity school, or as otherwise specified below, no student enrolled in grades 9-12 shall be assigned:

1. To any course without educational content for more than one week in any semester, including any of the following situations: (Education Code 51228.1)

CLASS ASSIGNMENT (continued)

- a. The student is sent home or released from campus before the conclusion of the designated school day.
 - b. The student is assigned to a service, instructional work experience, or other course in which he/she is assigned to assist a certificated employee, but is not expected to complete curricular assignments, in a course the certificated employee is teaching during that period and where the ratio of certificated employees to students assigned to the course for curricular purposes is less than one to one.
 - c. The student is not assigned to any course for the relevant course period.
2. To a course that he/she has previously completed and received a grade determined by the district to be sufficient to satisfy minimum high school graduation requirements and the requirements and prerequisites for admission to California public postsecondary institutions, unless the course has been designed to be taken more than once because students are exposed to a new curriculum year to year and are therefore expected to derive educational value from taking the course again (Education Code 51228.2)

(cf. [6181](#) - *Alternative Schools/Programs of Choice*)

(cf. [6184](#) - *Continuation Education*)

(cf. [6185](#) - *Community Day School*)

An exception to item #1 or #2 above may be made only if all of the following conditions are satisfied: (Education Code 51228.1, 51228.2)

1. The student, or the student's parent/guardian if he/she is younger than age 18 years, has consented in writing to the assignment.
2. A school official has determined that the student will benefit from being assigned to the course period.
3. The principal or assistant principal has stated in a written document maintained at the school that, for the relevant school year, no students are assigned to those classes unless the school has obtained the student's or parent/guardian's consent and determined that the student will benefit from the assignment.

In addition, under no circumstances shall a student be assigned to a course period without educational content or a course he/she has already satisfactorily completed because there are insufficient curricular course offerings for the student to take during the relevant period of the school day. (Education Code 51228.1, 51228.2)

The above limitations on class assignments shall not affect the authority of the Superintendent or designee to permit the enrollment of a student in a dual enrollment,

(cf. [6158](#) - *Independent Study*)

(cf. [6172.1](#) - *Concurrent Enrollment in College Courses*)

Any complaint that the district has not complied with the requirements in this section regarding assignments in grades 9-12 may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or the CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 51228.3; 5 CCR [4600-4687](#))

PLACEMENT IN MATHEMATICS COURSES

The Board of Trustees believes that a sound educational program must include the study of subjects that prepare students for admission to higher education and/or a fulfilling career. To the extent possible, district students shall be provided an opportunity to complete a sequence of mathematics courses recommended for admission into the University of California and California State University systems.

(cf. [6141.5](#) - *Advanced Placement*)

(cf. [6142.92](#) - *Mathematics Instruction*)

(cf. [6143](#) - *Courses of Study*)

(cf. [6146.1](#) - *High School Graduation Requirements*)

The Superintendent or designee shall work with district teachers, counselors, and administrators and the representatives of feeder schools to develop consistent protocols for placing students in mathematics courses offered at district high schools. Such placement protocols shall systematically take into consideration multiple objective academic measures that may include, but are not limited to, interim and summative assessments, placement tests that are aligned to state-adopted content standards in mathematics, classroom assignment and grades, and report cards.

(cf. [5121](#) - *Grades/Evaluation of Student Achievement*)

(cf. [6162.5](#) - *Student Assessment*)

(cf. [6162.51](#) - *State Academic Achievement Tests*)

Students shall be enrolled in mathematics courses based on the placement protocols. No student shall repeat a mathematics course which he/she has successfully completed based on the district's placement protocols.

When a student does not qualify to be enrolled in a higher level mathematics course based on a consideration of the objective measures specified in the placement protocols, he/she may nevertheless be admitted to the course based on the recommendation of a teacher or counselor who has personal knowledge of the student's academic ability.

The placement protocols shall specify a time within the first month of the school year when students shall be reevaluated to ensure that they are appropriately placed in mathematics courses and shall specify the criteria the district will use to make this determination. Any student found to be misplaced shall be promptly placed in the appropriate mathematics course.

Within 10 school days of an initial placement decision or a placement decision upon reevaluation, a student and his/her parent/guardian who disagree with the placement of the student may appeal the decision to the Superintendent or designee. The Superintendent or designee shall decide whether or not to overrule the placement determination within 10 school days of receiving the appeal. The decision of the Superintendent or designee shall be final.

PLACEMENT IN MATHEMATICS COURSES (Continued)

(cf. [5123](#) - *Promotion/Acceleration/Retention*)

District staff shall implement the placement protocols uniformly and without regard to students' race, sex, gender, nationality, ethnicity, socioeconomic background, or other subjective or discriminatory consideration in making placement decisions.

(cf. [0410](#) - *Nondiscrimination in District Programs and Activities*)

The Superintendent or designee shall ensure that all teachers, counselors, and other district staff responsible for determining students' placement in mathematics courses receive training on the placement protocols.

(cf. [4131](#) - *Staff Development*)

Prior to the beginning of each school year, the Superintendent or designee shall communicate the district's commitment to providing students with the opportunity to complete mathematics courses recommended for college admission, including approved placement protocols and the appeal process, to parents/guardians, students, teachers, school counselors, and administrators.

This policy and the district's mathematics placement protocols shall be posted on the district's web site. (Education Code [51224.7](#))

(cf. [1113](#) - *District and School Web Sites*)

Annually, the Board and the Superintendent or designee shall review student data related to placement and advancement in the mathematics courses offered at district high schools to ensure that students who are qualified to progress in mathematics courses based on their performance on objective academic measures are not held back in a disproportionate manner on the basis of their race, ethnicity, gender, or socioeconomic background. The Board and Superintendent shall also consider appropriate recommendations for removing any identified barriers to students' access to mathematics courses.

SCHOOL-SPONSORED TRIPS

The Board of Trustees recognizes that field trips supplement and enrich the classroom learning experience, lead to increased student achievement, and foster student engagement. The Board encourages field trips to reinforce and increase learning opportunities and to enhance district programs.

(cf. 0460 - Local Control and Accountability Plan)

Field trips shall be conducted in connection with the district's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or cocurricular activities. A field trip to a foreign country may be permitted to familiarize students with the language, history, geography, natural science, and other studies relative to the district's course of study. (Education Code 35330)

(cf. 6143 - Courses of Study)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

Requests for field trips involving out-of-state, out-of-country, or overnight travel shall be submitted to the Superintendent or designee. The Superintendent or designee shall review the request and make a recommendation to the Board as to whether the request should be approved by the Board. All other field trips shall be approved in advance by the principal.

(cf. 3312.2 - Educational Travel Program Contracts)

The principal shall establish a process for approving a staff member's request to conduct a field trip. When planning trips, staff shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.

(cf. 5142 - Safety)

(cf. 5143 - Insurance)

(cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

No field trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. The Superintendent or designee shall coordinate with community groups to supply funds for students in need. (Education Code 35330)

(cf. 1230 - School-Connected Organizations)

(cf. 1321 - Solicitation of Funds from and by Students)

(cf. 1700 - Relations Between Private Industry and the Schools)

SCHOOL-SPONSORED TRIPS (continued)

The Board may approve the use of district funds for student expenses for in-state, out-of-state, or out-of-country field trips or excursions when permitted by law. In addition, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds. Supervision

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

(cf. 5131 - Conduct)

(cf. 5131.1 - Bus Conduct)

(cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. If the trip involves water activities, this ratio shall be revised as necessary.

Parent/Guardian Permission

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

Safety Issues

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district shall provide or make available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)

SCHOOL-SPONSORED TRIPS (continued)

(cf. 3541.1 - Transportation for School-Related Trips)
(cf. 5143 - Insurance)

3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)

4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than \$500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.

(cf. 3530 - Risk Management/Insurance)
(cf. 5141.7 - Sun Safety)

5. Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.

(cf. 5142 - Safety)

HOMEWORK/MAKEUP WORK

The Board of Trustees recognizes that meaningful homework assignments can be a valuable extension of student learning time and assist students in developing good study habits. Homework shall be assigned when necessary to support classroom lessons, enable students to complete unfinished assignments, or review and apply academic content for better understanding.

The Superintendent or designee shall collaborate with school administrators and teachers to develop and regularly review guidelines for the assignment of homework and the related responsibilities of students, staff, and parents/guardians.

Homework assignments shall be reasonable in length and appropriate to the grade level and course. The Board expects that the number, frequency, and degree of difficulty of homework assignments will increase with the grade level and the maturity of students. Teachers shall assign homework only as necessary to fulfill academic goals and reinforce current instruction.

(cf. 6011 - Academic Standards)

As needed, teachers may receive training in designing relevant homework assignments that reinforce classroom learning objectives.

(cf. 4131 - Staff Development)

Although on-time completion of homework is important to maintain academic progress, the Board recognizes that students learn at different rates. Students shall receive credit for work that is completed late in order to encourage their continued learning.

Age-appropriate instruction may be given to help students allocate their time wisely, meet their deadlines, and develop good personal study habits.

At the beginning of the school year, teachers shall communicate homework expectations to students and their parents/guardians. Homework guidelines also shall be included in student and/or parent handbooks. These communications shall include the manner in which homework relates to achievement of academic standards and course content, the impact of homework assignments on students' grades, any school resources and programs that are available to provide homework support, and ways in which parents/guardians may appropriately assist their children.

Although it is the student's responsibility to undertake assignments independently, parents/guardians may serve as a resource and are encouraged to ensure that their child's homework assignments are completed. When a student repeatedly fails to complete his/her homework, the teacher shall notify the student's parents/guardians as soon as possible so that corrective action can be taken prior to the release of any final grades or report cards.

(cf. 5020 - Parent Rights and Responsibilities)

HOMEWORK/MAKEUP WORK (continued)

(cf. 6020 - Parent Involvement)

To further support students' homework efforts, the Superintendent or designee may establish and maintain telephone help lines, provide access to school library media centers and technological resources, and/or provide before-school and after-school programs where students can receive homework assistance from teachers, volunteers, and/or student tutors. The Board encourages the Superintendent or designee to design class and transportation schedules that will enable students to make use of homework support services.

(cf. 6112 - School Day)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6163.1 - Library Media Centers)

Teachers shall review all completed homework to assess the student's understanding of academic content and shall provide timely feedback to the student.

Makeup Work

Students who miss school work shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time.

(cf. 5113 - Absences and Excuses)

The Superintendent or designee shall notify parents/guardians that no student may have his/her grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable period of time. Such notification shall include the full text of Education Code 48205. (Education Code 48980)

School-Site Homework Plan

The principal and staff at each school shall develop and regularly review a school-site homework plan which includes guidelines for the assignment of homework and describes the responsibilities of students, staff and parents/guardians. The plan shall identify all of the following:

1. For each grade level, the amount of time that students shall be expected to spend on homework
2. For each grade level, the extent to which homework assignments shall systematically involve participation by parents/guardians
3. The means by which parents/guardians shall be informed about:
 - a. Homework expectations
 - b. How homework relates to the student's grades
 - c. How best to help their children
4. Techniques that will be taught to help students allocate their time wisely, meet their deadlines and develop good personal study habits
5. The access that students shall have to obtain:
 - a. Resource materials from the library media center
 - b. Assistance and/or tutoring through telephone help lines and/or after-school centers
6. The means by which teachers shall coordinate assignments so that students do not receive an overload of homework one day and very little the next
7. For each grade level, the extent to which homework assignments shall emphasize independent research, reports, special reading and problem-solving activities

Makeup Work

The Superintendent or designee shall notify parents/guardians that no student may have his/her grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable period of time. Such notification shall include the full text of Education Code 48205. (Education Code 48980)

INDEPENDENT STUDY

The Board of Trustees authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

(cf. 5147 - Dropout Prevention)

(cf. 6011 - Academic Standards)

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6146.11 - Alternative Credits Toward Graduation)

(cf. 6172 - Gifted and Talented Student Program)

(cf. 6200 - Adult Education)

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, a home-based format, and an online course.

(cf. 0420.4 - Charter School Authorization)

(cf. 6181 - Alternative Schools/Programs of Choice)

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction. (Education Code 51747; 5 CCR 11700)

Parents/guardians of students who are interested in independent study shall contact the Superintendent or designee. The Superintendent or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom setting.

The minimum period of time for any independent study option shall be five consecutive school days.

Written Agreements

The Superintendent or designee shall ensure that a written master agreement and, as appropriate, a learning agreement for students participating in course-based independent study exist for each participating student as prescribed by law. (Education Code 51747, 51749.5)

INDEPENDENT STUDY (continued)

The master agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping out of school, independent study assignments shall be no more than one week for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student misses three assignments, unless the student's written agreement specifies a lower or higher number of missed assignments based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Supervising teachers should establish an appropriate schedule for student-teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Teachers are expected to monitor student progress and work closely with each student to determine the amount and type of contact needed for the student to be successful in the program.

Missing appointments with the supervising teacher without valid reasons may trigger an evaluation to determine whether the student should remain in independent study.

Program Evaluation

The Superintendent or designee shall annually report to the Board the number of district students participating in independent study, the average daily attendance generated for apportionment purposes, student performance as measured by standard indicators and in comparison to students in classroom-based instruction, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.

Eligibility for Independent Study

Provided that experienced certificated staff are available to effectively supervise students in independent study, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

A student participating in independent study must be a resident of the county or an adjacent county. INDEPENDENT STUDY (continued)

9. Signatures of the student, the parent/guardian or caregiver of the student if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student

Written or computer-based evidence of satisfactory educational progress shall be retained for each course and student, including, at a minimum, a grade book or summary document that lists all assignments, examinations, and associated grades for each course.

INDEPENDENT STUDY (continued)

If satisfactory educational progress is not being made, the teacher shall notify the student and, if the student is under age 18 years, his/her parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether he/she should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

(cf. 5125 - Student Records)

5. Examinations shall be administered by a proctor.
6. Statewide testing results shall be reported and assigned to the school at which the student is enrolled and shall be included in the aggregate results of the district. INDEPENDENT STUDY (continued)

3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in the written agreement as requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program.

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

INDIVIDUALIZED EDUCATION PROGRAM (continued)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56341.1, 56345; 20 USC 1414(d)(3)(A); 34 CFR 300.324)

1. The strengths of the student
2. The concerns of the parents/guardians for enhancing the education of their child
3. The results of the initial or most recent assessment of the student
4. The academic, developmental, and functional needs of the student
5. In the case of a student whose behavior impedes his/her learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior
6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP
7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment of the student's reading and writing skills, his/her future needs for instruction in Braille or the use of Braille, and other appropriate reading and writing media.

8. The communication needs of the student and, in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services

If, in considering the special factors in items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

INDIVIDUALIZED EDUCATION PROGRAM (continued)

Provision of Special Education and Related Services

The district shall ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (Education Code 56344; 34 CFR 300.323)

The Superintendent or designee shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Superintendent or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

Review and Revision of the IEP

The Superintendent or designee shall ensure that the IEP team reviews the IEP periodically, but at least annually, in order to: (Education Code 56043, 56341.1, 56380; 20 USC 1414(d)(4); 34 CFR 300.324)

1. Determine whether the annual goals for the student are being achieved
2. Revise the IEP, as appropriate, to address:
 - a. Any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate
 - b. The results of any reassessment conducted pursuant to Education Code 56381
 - c. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to 34 CFR 300.305(a)(2) and Education Code 56381(b)
 - d. The student's anticipated needs
 - e. Any other relevant matter
3. Consider the special factors listed in items #5-9 above under "Development of the IEP," when reviewing the IEP of any student with a disability to whom one of those factors may apply

The IEP team shall also meet at any other time upon request by the student's parent/guardian or teacher to review or revise the IEP. (Education Code 56343)

INDIVIDUALIZED EDUCATION PROGRAM (continued)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 days of receiving the parent/guardian's written request, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

A regular education or special education teacher may request a review of the classroom assignment of a student with a disability by submitting a written request to the Superintendent or designee. The Superintendent or designee shall consider the request within 20 days of receiving it, not counting days when school is not in session or, for year-round schools, days when the school is off track. If the review indicates a need for change in the student's placement, instruction, and/or related services, the Superintendent or designee shall convene an IEP team meeting, which shall be held within 30 days of the Superintendent or designee's review, not counting days when school is not in session or days when school is off track, unless the student's parent/guardian consents in writing to an extension of time.

If a participating agency other than the district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (Education Code 56345.1; 20 USC 1414(d); 34 CFR 300.324)

If a student with a disability residing in a licensed children's institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the Superintendent or designee shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student's needs. (Education Code 56157)

(cf. 6159.2 - Nonpublic, Nonsectarian School and Agency Services for Special Education)

(cf. 6173.1 - Education for Foster Youth)

To the extent possible, the Superintendent or designee shall encourage the consolidation of reassessment meetings and other IEP team meetings for a student. (20 USC 1414(d)(3)(A); 34 CFR 300.324)

When a change is necessary to a student's IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the Superintendent or designee may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student's current IEP. The IEP team shall be informed of any such changes. Upon request, the Superintendent or designee shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (20 USC 1414(d)(3)(D); 34 CFR 300.324)

INDIVIDUALIZED EDUCATION PROGRAM (continued)**Audio Recording of IEP Team Meetings**

Parents/guardians and the Superintendent or designee shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. If the Superintendent or designee gives notice of intent to audio record a meeting and the parent/guardian objects or refuses to attend because the meeting would be audio recorded, the meeting shall not be audio recorded. Parents/guardians also have the right to: (Education Code 56341.1)

1. Inspect and review the audio recordings
2. Request that an audio recording be amended if they believe it contains information that is inaccurate, misleading, or in violation of the student's privacy rights or other rights
3. Challenge, in a hearing, information that the parents/guardians believe is inaccurate, misleading, or in violation of the student's privacy rights or other rights

Parent/Guardian Participation and Other Rights

The Superintendent or designee shall take steps to ensure that one or both of the parents/guardians of the student with a disability are present at each IEP team meeting or are afforded the opportunity to participate. These steps shall include notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the meeting at a mutually agreed upon time and place. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall send parents/guardians notices of IEP team meetings that: (Education Code 56341.5; 34 CFR 300.322)

1. Indicate the purpose, time, and location of the meeting
2. Indicate who will be in attendance at the meeting
3. Inform them of:
 - a. Their right to bring to the meeting other individuals who have knowledge or special expertise about the student, pursuant to Education Code 56341(b)(6)

INDIVIDUALIZED EDUCATION PROGRAM (continued)

- b. The provision of Education Code 56341(i) relating to the participation of the Infant and Toddlers with Disabilities Coordinator at the initial IEP team meeting, if the student was previously served under Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004)

In addition, when the IEP team meeting is to consider the development, review, or revision of the IEP of a student with a disability who is 16 years of age or older, or younger than 16 if deemed appropriate by the IEP team, the Superintendent or designee's notice to the student's parents/guardians shall include the following: (Education Code 56341.5)

1. An indication that a purpose of the meeting will be the consideration of postsecondary goals and transition services for the student pursuant to Education Code 56345.1, 20 USC 1414(d)(1)(A)(i)(VIII), and 34 CFR 300.320(b)
2. An indication that the student is invited to the IEP team meeting
3. Identification of any other agency that will be invited to send a representative

(cf. 5145.6 - Parental Notifications)

At each IEP team meeting convened by the district, the district administrator or specialist on the team shall inform the parent/guardian and student of the federal and state procedural safeguards included in the notice of parental rights provided pursuant to Education Code 56321. (Education Code 56500.1)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

The parent/guardian shall have the right and opportunity to examine all of his/her child's school records upon request, before any IEP meeting, and in connection with any hearing or resolution session on matters affecting his/her child, including, but not limited to, initial formal assessment, procedural safeguards, and due process. Upon receipt of an oral or written request, the Superintendent or designee shall provide complete copies of the records within five business days. (Education Code 56043, 56504)

(cf. 5125 - Student Records)

The parent/guardian shall have the right to present information to the IEP team in person or through a representative and the right to participate in meetings that relate to eligibility for special education and related services, recommendations, and program planning. (Education Code 56341.1)

If neither parent/guardian can attend the meeting, the Superintendent or designee shall use other methods to ensure parent/guardian participation, including video conferences or individual or conference telephone calls. (Education Code 56341.5; 20 USC 1414(f); 34 CFR 300.322)

INDIVIDUALIZED EDUCATION PROGRAM (continued)

An IEP team meeting may be conducted without a parent/guardian in attendance if the Superintendent or designee is unable to convince the parent/guardian that he/she should attend. In such a case, the Superintendent or designee shall maintain a record of the attempts to arrange a mutually agreed upon time and place for the meeting, including: (Education Code 56341.5; 34 CFR 300.322)

1. Detailed records of telephone calls made or attempted and the results of those calls
2. Copies of correspondence sent to the parent/guardian and any responses received
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

The Superintendent or designee shall take any action necessary to ensure that the parents/guardians understand the proceedings of the meeting, including arranging for an interpreter for parents/guardians with deafness or whose native language is not English. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall give the parents/guardians of a student with a disability a copy of his/her child's IEP at no cost. (Education Code 56341.5; 34 CFR 300.322)

Parent/Guardian Consent for Provision of Special Education and Services

Before providing special education and related services to any student, the Superintendent or designee shall seek to obtain informed consent of the student's parent/guardian pursuant to 20 USC 1414(a)(1). The district shall not provide services by utilizing the due process hearing procedures pursuant to 20 USC 1415(f) if the parent/guardian refuses to consent to the initiation of services. If the parent/guardian does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. (Education Code 56346)

If the Superintendent or designee determines that a part of a proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student with FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415(f). While the due process hearing is pending, the student shall remain in the current placement unless the parent/guardian and the Superintendent or designee agree otherwise. (Education Code 56346)

If at any time subsequent to the initial provision of services, the student's parent/guardian, in writing, revokes consent for the continued provision of special education services, the Superintendent or designee shall provide prior written notice within a reasonable time before ceasing to provide services to the student. The Superintendent or designee shall not request a

INDIVIDUALIZED EDUCATION PROGRAM (continued)

due process hearing or pursue mediation in order to require an agreement or ruling that services be provided to the student. (Education Code 56346; 34 CFR 300.300, 300.503)

Prior to the discontinuation of services, the Superintendent or designee may offer to meet with the parents/guardians to discuss concerns for the student's education. However, this meeting shall be voluntary on the part of the parent/guardian and shall not delay the implementation of the parent/guardian's request for discontinuation of services. In addition, the Superintendent or designee shall send a letter to the parent/guardian confirming the parent/guardian's decision to discontinue all services.

When the district ceases to provide special education services in response to the parent/guardian's revocation of consent, the student shall be classified as a general education student.

Transfer Students

To facilitate the transition of a student with a disability who is transferring into the district, the Superintendent or designee shall take reasonable steps to promptly obtain the student's records, including his/her IEP and the supporting documents related to the provision of special education services. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from another school district within the same SELPA during the school year, the district shall continue to provide services comparable to those described in the student's existing IEP, unless his/her parent/guardian and the district agree to develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from a school district outside of the district's SELPA during the school year, the district shall provide the student with FAPE, including services comparable to those described in the previous district's IEP. Within 30 days, the Superintendent or designee shall, in consultation with the student's parents/guardians, adopt the previous district's IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from an out-of-state district during the school year, the district shall provide the student with FAPE, including services comparable to the out-of-state district's IEP, in consultation with the parent/guardian, until such time as the Superintendent or designee conducts an assessment, if it determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (Education Code 56325; 34 CFR 300.323)

Instruction

BP 6159.2(a)

NONPUBLIC, NONSECTARIAN SCHOOL AND AGENCY SERVICES FOR SPECIAL EDUCATION

The Governing Board recognizes its responsibility to provide all district students, including students with disabilities, a free appropriate public education in accordance with law. When the district is unable to provide direct special education and/or related services to students with disabilities, the Board may enter into a contract with a nonpublic, nonsectarian school or agency to meet the students' needs.

(cf. 0430 - Comprehensive Local Plan for Special Education)

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 3541.2 - Transportation for Students with Disabilities)

(cf. 4112.23 - Special Education Staff)

(cf. 6146.4 - Differential Graduation and Competency Standards for Students with Disabilities)

In selecting nonpublic, nonsectarian schools or agencies with which the district may contract for the placement of any district student with disabilities, the Superintendent or designee shall follow the procedures specified in law and accompanying administrative regulation.

Prior to entering into a contract to place any student in a nonpublic, nonsectarian school or agency, the Superintendent or designee shall verify that the school or agency is certified to provide special education and related services to individuals with disabilities in accordance with Education Code 56366. In addition, the Superintendent or designee shall monitor, on an ongoing basis, the certification of any nonpublic, nonsectarian school with which the district has a contract to ensure that the school or agency's certification has not expired.

No district student shall be placed in a nonpublic, nonsectarian school or agency unless the student's individualized education program (IEP) team has determined that an appropriate public education alternative does not exist and that the nonpublic, nonsectarian school or agency placement is appropriate for the student. In accordance with law, any student with disabilities placed in a nonpublic, nonsectarian school or agency shall have all the rights and protections to which students with disabilities are generally entitled, including, but not limited to, the procedural safeguards, due process rights, and periodic review of his/her IEP. (Education Code 56195.8, 56342.1)

(cf. 6159 - Individualized Education Program)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

During the period when any student with disabilities is placed in a nonpublic, nonsectarian school or agency, the student's IEP team shall retain responsibility for monitoring the student's progress towards meeting the goals identified in his/her IEP.

**NONPUBLIC, NONSECTARIAN SCHOOL AND AGENCY SERVICES FOR
SPECIAL EDUCATION (continued)**

The Superintendent or designee shall notify the Board prior to approving an out-of-state placement for any district student.

In accordance with Education Code 56366.2, the Superintendent or designee may apply to the Superintendent of Public Instruction to waive any of the requirements of Education Code 56365, 56366, 56366.3, and 56366.6.

Administrative Regulation

Instruction

AR 6159.4(a)

BEHAVIORAL INTERVENTIONS FOR SPECIAL EDUCATION STUDENTS

The following optional administrative regulation is based on guidance from the Office of Special Education Programs (OSEP) of the U.S. Department of Education.

Generally, any student identified as a student with a disability pursuant to the Individuals with Disabilities Education Act, 20 USC 1400-1482, is subject to the same disciplinary measures applicable to all students for violations of the code of conduct, except when the student's behavior is determined to be a manifestation of his/her disability.

(cf. 5131 - Conduct)

(cf. 5144 - Discipline)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

However, when the behavior of a student with a disability impedes his/her learning or the learning of others, the student's individualized education program (IEP) team shall consider the use of positive behavioral interventions and supports and other strategies consistent with 20 USC 1414(d) to address the student's behavior. (Education Code 56521.2; 34 CFR 300.324)

If, pursuant to a manifestation determination conducted as specified in 34 CFR 300.530, the student's behavior is determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment (FBA) and implement a behavioral intervention plan (BIP) for the student. If a BIP is already in place for the student, the IEP team shall review and modify the BIP to address the student's behavior. (Education Code 56520; 34 CFR 300.324, 300.530)

In addition, when the disciplinary removal of a student with a disability will result in a change in the student's placement as specified in 34 CFR 300.530, the student shall receive an FBA and behavioral intervention services and modifications designed to address the student's behavior so that it does not recur. (34 CFR 300.530)

Functional Behavioral Assessment

Any FBA to be conducted for a student with a disability shall focus on identifying the function or purpose of the student's behavior.

Before any FBA is conducted, the Superintendent of designee shall notify the student's parent/guardian in accordance with Education Code 56321 and obtain the parent/guardian's consent. (Education Code 56321; 34 CFR 300.324)

(cf. 6159 - Individualized Education Program)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

BEHAVIORAL INTERVENTIONS FOR SPECIAL EDUCATION STUDENTS
(continued)

If the parent/guardian disagrees with the result of an FBA, he/she has the right to obtain an independent educational evaluation at district expense, subject to the conditions specified in 34 CFR 300.502.

Behavioral Intervention Plan and Services

When any behavioral intervention, support, or other strategy is to be used by the district, the Superintendent or designee shall consider the student's physical freedom and social interaction, administer the intervention, support, or other strategy in a manner that respects the student's dignity and personal privacy, and ensure the student's right to be placed in the least restrictive educational environment. (Education Code 56520)

When a student for whom a BIP is to be developed is also the responsibility of another agency for residential care or related services, the Superintendent or designee shall cooperate with the other agency to ensure that the BIP, to the extent possible, is implemented in a consistent manner. (Education Code 56520)

Behavior assessments and behavioral intervention services shall be provided only by individuals who possess the qualifications specified in Education Code 56525 or 5 CCR 3065.

Emergency Interventions

Emergency interventions may be used only to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the student or others and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. Emergency interventions shall not be used as a substitute for a systematic BIP that is designed to change, replace, modify, or eliminate a targeted behavior. (Education Code 56521.1)

No emergency intervention shall be used for longer than is necessary to contain the behavior. For any situation that requires a prolonged use of an emergency intervention, staff shall seek assistance of the principal or law enforcement agency, as applicable to the situation. (Education Code 56521.1)

Emergency interventions shall not involve the use of force exceeding what is reasonable and necessary under the circumstances. In addition, use of locked seclusion or a device, material, or objects that simultaneously immobilize all hands and feet shall not be allowed except as allowed by law. (Education Code 56521.1)

Parents/guardians and, if appropriate, residential care providers shall be notified within one school day whenever emergency intervention is used or serious property damage occurs. A behavior emergency report shall immediately be completed, kept in the student's file, and

BEHAVIORAL INTERVENTIONS FOR SPECIAL EDUCATION STUDENTS
(continued)

forwarded to the Superintendent or designee for review. This report shall include all of the following information: (Education Code 56521.1)

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic BIP
6. Details of any injuries sustained by the student or others, including staff, as a result of the incident

If the behavior emergency report is for a student who does not have a BIP, the Superintendent or designee shall, within two days, schedule an IEP team meeting to review the emergency report, determine the necessity for an FBA, and determine the necessity for an interim BIP. The IEP team shall document the reasons for not conducting the FBA and/or not developing the interim BIP. (Education Code 56521.1)

If the behavior emergency report is for a student who has a BIP, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective shall be referred to the IEP team. The IEP team shall review the incident and determine whether the student's plan needs to be modified. (Education Code 56521.1)

Prohibited Interventions

The district prohibits the use of corporal punishment as defined in Education Code 49001 as an intervention. In addition, the district prohibits all of the following: (Education Code 56521.2)

1. Any intervention designed or likely to cause physical pain, including, but not limited to, electric shock
2. Any intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances near the student's face
3. Any intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities

BEHAVIORAL INTERVENTIONS FOR SPECIAL EDUCATION STUDENTS
(continued)

4. Any intervention that is designed to subject, used to subject, or likely to subject the student to verbal abuse, ridicule, or humiliation or that can be expected to cause excessive emotional trauma
5. Any restrictive intervention that uses a device, material, or objects which simultaneously immobilize all hands and feet, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained staff as a limited emergency intervention
6. Locked seclusion, unless in a facility otherwise licensed or permitted by state law to use a locked room
7. Any intervention that precludes adequate supervision of the student
8. Any intervention that deprives the student of one or more of his/her senses

EQUIPMENT, BOOKS AND MATERIALS

The Board of Trustees recognizes that student learning is enhanced when students have access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Board-approved curriculum, instructional materials also should be up to date.

The Superintendent or designee shall develop procedures for determining the sufficiency of district instructional materials in providing accurate, current information and ensuring that students have access to standards-based materials. When new instructional materials have been chosen in accordance with the district's selection and evaluation policy, the Board shall make final decisions regarding their purchase.

BP 6161.1(a)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS

The Board of Trustees desires that district instructional materials, as a whole, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. The Board shall adopt instructional materials based on a determination that such materials are an effective learning resource to help students achieve grade-level competency and that the materials meet criteria specified in law. Textbooks, technology-based materials, and other educational materials shall be aligned with academic content standards and the district's curriculum to ensure that they effectively support the district's adopted courses of study.

(cf. 0440 - District Technology Plan)

(cf. 6000 - Concepts and Roles)

(cf. 6011 - Academic Standards)

(cf. 6141 - Curriculum Development and Evaluation)

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6161.11 - Supplementary Instructional Materials)

(cf. 6162.5 - Student Assessment)

(cf. 6163.1 - Library Media Centers)

The Board shall select instructional materials for use in grades K-8 that have been approved by the State Board of Education (SBE) or have otherwise been determined to be aligned with the state academic content standards adopted pursuant to Education Code 60605 or the Common Core State Standards adopted pursuant to Education Code 60605.8. (Education Code 60200, 60210)

The Board shall adopt instructional materials for grades 9-12 upon determining that the materials meet the criteria specified in law and administrative regulation. (Education Code 60400)

Review Process

The Superintendent or designee shall establish a process by which instructional materials shall be reviewed for recommendation to the Board. Toward that end, he/she may establish an instructional materials review committee to evaluate and recommend instructional materials.

(cf. 1220 - Citizen Advisory Committees)

The review process shall involve teachers in a substantial manner and shall encourage the participation of parents/guardians and community members. (Education Code 60002)

(cf. 6020 - Parent Involvement)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

In addition, the instructional materials review committee may include administrators, other staff who have subject-matter expertise, and students as appropriate.

If the district chooses to use instructional materials for grades K-8 that have not been adopted by the SBE, the Superintendent or designee shall ensure that a majority of the participants in the district's review process are classroom teachers who are assigned to the subject area or grade level of the materials. (Education Code 60210)

Individuals who participate in the selection or review of instructional materials shall not have a conflict of interest, as defined in administrative regulation, in the materials being reviewed.

(cf. 9270 - Conflict of Interest)

The committee shall review instructional materials using criteria provided in law and administrative regulation, and shall provide the Board with documentation supporting its recommendations.

All recommended instructional materials shall be available for public inspection at the district office.

(cf. 5020 - Parent Rights and Responsibilities)

The district may pilot instructional materials, using a representative sample of classrooms for a specified period of time during a school year, in order to determine how well the materials support the district's curricular goals and academic standards. Feedback from teachers piloting the materials shall be made available to the Board before the materials are adopted.

Public Hearing on Sufficiency of Instructional Materials

The Board shall annually conduct one or more public hearings on the sufficiency of the district's textbooks and other instructional materials. (Education Code 60119)

The hearing shall be held on or before the end of the eighth week from the first day students attend school for that year. (Education Code 60119)

The Board encourages participation by parents/guardians, teachers, interested community members, and bargaining unit leaders at the hearing. Ten days prior to the hearing, the Superintendent or designee shall post a notice in three public places within the district containing the time, place, and purpose of the hearing. The hearing shall not take place during or immediately following school hours. (Education Code 60119)

(cf. 9322 - Agenda/Meeting Materials)

At the hearing(s), the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks or instructional

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

materials which are aligned to the state content standards adopted pursuant to Education Code 60605 or the Common Core State Standards adopted pursuant to Education Code 60605.8 and which are consistent with the content and cycles of the state's curriculum frameworks. Sufficiency of instructional materials shall be determined in each of the following subjects: (Education Code 60119)

1. Mathematics

(cf. 6142.92 - Mathematics Instruction)

2. Science

(cf. 6142.93 - Science Instruction)

3. History-social science

(cf. 6142.94 - History-Social Science Instruction)

4. English language arts, including the English language development component of an adopted program

(cf. 6142.91 - English/Language Arts Instruction)

(cf. 6174 - Education for English Learners)

5. World/foreign language

(cf. 6142.2 - World/Foreign Language Instruction)

6. Health

(cf. 6142.8 - Comprehensive Health Education)

The Board shall also determine the availability of science laboratory equipment, as applicable to science laboratory courses offered in grades 9-12. (Education Code 60119)

In making these determinations, the Board shall consider whether each student has sufficient textbooks and/or instructional materials to use in class and to take home. However, this does not require that each student have two sets of materials. The materials may be in a digital format as long as each student, at a minimum, has and can access the same materials in the class and to take home as all other students in the same class or course in the district and has the ability to use and access them at home. However, the materials shall not be considered sufficient if they are photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage. (Education Code 60119)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

If the Board determines that there are insufficient textbooks or instructional materials, it shall provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of students who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each student does not have sufficient textbooks or instructional materials. The Board shall take any action, except an action that would require reimbursement by the Commission of State Mandates, to ensure that each student has sufficient materials within two months of the beginning of the school year in which the determination is made. (Education Code 60119)

The degree to which every student has sufficient access to standards-aligned instructional materials shall be included in the district's local control and accountability plan. (Education Code 52060)

(cf. 0460 - Local Control and Accountability Plan)

Complaints

Complaints concerning instructional materials shall be handled in accordance with law, Board policy, and administrative regulation.

AR 6161.1(a)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009), ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), and SB 70 (Ch. 7, Statutes of 2011), Education Code 42605 grants districts flexibility in "Tier 3" categorical programs and provides that districts are deemed in compliance with the program and funding requirements for these programs for the 2008-09 through 2014-15 fiscal years. As a result of this flexibility, the district may choose to temporarily suspend certain provisions of the following policy or administrative regulation that reflect those requirements. However, this flexibility does not affect or alter any existing contract or bargaining agreement that the district may have in place. Thus, districts should examine the terms of those contracts and agreements and consult with district legal counsel for additional guidance. Also see BP 2210 - Administrative Discretion Regarding Board Policy.

The use or reproduction of supplementary instructional materials shall be in accordance with federal copyright law.

(cf. 6162.6 - Use of Copyrighted Materials)

Supplementary Materials Aligned with Common Core Standards

To prepare district students to achieve the Common Core Standards in English language arts and mathematics and the English language development standards, as applicable, the Board may select supplementary instructional materials from the lists of materials determined by the State Board of Education (SBE) to be aligned with those standards. (Education Code 60605.86-60605.88)

The Board may approve supplementary instructional materials that are not on the lists approved by the SBE but which are aligned with the Common Core Standards provided that the materials comply with the evaluation criteria established by the SBE and Education Code 60050, 60060-60062, and 60226. DAMAGED OR LOST INSTRUCTIONAL MATERIALS

The Board of Trustees recognizes that instructional materials are an expensive resource and that each student is entitled to sufficient instructional materials in accordance with law. Instructional materials provided for use by students remain the property of the district. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

When materials are lost or so damaged that they are no longer usable, the student shall be immediately issued a replacement material. However, students or parents/guardians shall be responsible for reparation equal to the current replacement cost of the materials. When materials are damaged but still usable, the Superintendent or designee shall determine an appropriate charge.

If it can be demonstrated to the Superintendent or designee's satisfaction that the student has taken all reasonable precautions to safeguard instructional materials issued to him/her, the Superintendent or designee may excuse the student or parent/guardian from payment of reparation.

If reparation is not excused and not paid by the student or parent/guardian, the district may withhold the student's grades, diploma and transcripts in accordance with law, Board policy, and administrative regulation.

TOXIC ART SUPPLIES

The Board of Trustees recognizes its responsibility to protect the health and safety of students in the selection of materials used for instruction in arts and crafts activities.

The Superintendent or designee shall develop procedures for the purchase, use and proper disposal of arts and crafts materials which ensure that the health and safety of students is protected from harmful exposure to toxic substances in accordance with Education Code 32064 and established health standards.

The Superintendent or designee shall ensure that arts and crafts material purchased for use by students in grades K-6 will not contain toxic substances or cause chronic illness as determined by the State Department of Health Services.

Students in grades 7-12 are considered able to read and understand product labels and to take adequate precautions to use products which are prohibited for use in grades K-6. The Superintendent or designee shall ensure that arts and crafts materials purchased for use in grades 7-12 meet the requirements of Education Code 32065. The products must be properly labeled to identify toxic ingredients, warn of potential adverse health effects and describe procedures for safe use and storage.

STUDENT ASSESSMENT

The Board of Trustees recognizes that student assessments are an important instructional and accountability tool. To obtain the most accurate evaluation of student performance, the district shall use a variety of measures, including district, state, and/or national assessments.

(cf. 6162.51 - State Academic Achievement Tests)

Assessment data shall be used to help determine individual students' progress, mastery of academic standards, appropriate placement in district programs, and/or eligibility for graduation. In addition, summary data on student assessment results shall be used by the district to identify and review student achievement goals in the district's local control and accountability plan, evaluate district educational programs in order to identify needed improvements, and, as appropriate, evaluate staff performance.

The students of any charter school that receives its state funding allocation through the district shall be tested in coordination with the testing of district students. In addition, the Superintendent or designee shall arrange for the testing of students in any alternative education program or program conducted off campus, including, but not limited to, non-classroom based programs, continuation schools, independent study, community day schools, county community schools, juvenile court schools, or nonpublic, nonsectarian schools. No test shall be administered in a home or hospital except by a test administrator or test examiner. (5 CCR [851](#))

(cf. [0420.4](#) - Charter School Authorization)

(cf. [0420.41](#) - Charter School Oversight)

(cf. [6158](#) - Independent Study)

(cf. [6159.2](#) - Nonpublic, Nonsectarian School and Agency Services for Special Education)

(cf. [6181](#) - Alternative Schools/Programs of Choice)

(cf. [6183](#) - Home and Hospital Instruction)

(cf. [6184](#) - Continuation Education)

(cf. [6185](#) - Community Day School)

On or before July 1 of each year, the Superintendent or designee shall designate a district coordinator who shall oversee all matters related to the testing program and serve as the district representative and liaison with the test contractor and the California Department of Education (CDE). The Superintendent or designee shall also designate a coordinator for each test site. The duties of the district and site test coordinators shall include those specified in 5 CCR [857-858](#). (5 CCR [857-858](#))

The Superintendent or designee also shall appoint trained test administrator(s) to administer the CAASPP achievement tests and test examiner(s) to administer the California Alternate Assessments. A test examiner shall be a certificated or licensed employee of the district or county office of education. (5 CCR [850](#))

(cf. [4112.2](#) - Certification)

(cf. [4113](#) - Assignment)

As appropriate, the Superintendent or designee shall assign a specially trained district employee to serve as a test proctor to assist the test examiner; a specially trained district employee, or other person supervised by a district employee, to serve as a translator to translate the test directions into a student's primary language; and a district employee to serve as a scribe to transcribe a student's responses to the format required by the test. A student's

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

parent/guardian or sibling shall not be eligible to be that student's translator or scribe. (5 CCR [850](#))

All test administrators, test examiners, proctors, translators, scribes, district and site test coordinators, and other persons having access to any of the CAASPP achievement tests and corresponding test materials, assessment technology platform, or tests administered pursuant to Education Code [60640](#) shall acknowledge the limited purpose of their access to the achievement tests by signing a test security affidavit. In addition, all district and site test coordinators shall sign a test security agreement before receiving any CAASPP achievement tests and corresponding test materials. The test security affidavit and test security agreement shall be those set forth in 5 CCR [859](#). (5 CCR [850](#), [859](#))

Tests Included in the State Assessment System

The district shall administer the following CAASPP assessments: (Education Code [60640](#); 5 CCR 851.5)

1. The CAASPP achievement tests for English language arts and mathematics in grades 3-8 and 11, except that:

(cf. [6142.91](#) - *Reading/Language Arts Instruction*)

(cf. [6142.92](#) - *Mathematics Instruction*)

- a. Recently arrived English learners, defined pursuant to Education Code [60603](#) as English learners who are in their first 12 months of attending a school in the United States, shall be exempted from taking the English language arts assessment to the extent allowed by federal law. A recently arrived English learner may be administered the test upon request by his/her parent/guardian.

(cf. [6174](#) - *Education for English Language Learners*)

- b. Students with disabilities who are unable to participate in the English language arts and mathematics assessments, even with the resources described in the section "Testing Variations" below, shall be provided an alternate test when designated in their individualized education program (IEP), as provided in item #3 below.

(cf. [6159](#) - *Individualized Education Program*)

(cf. [6164.6](#) - *Identification and Education Under Section 504*)

2. Science assessments at grades 5, 8, and 10

However, students with disabilities who are unable to participate in the science assessments, even with the resources described in the "Testing Variations" section below, shall be provided an alternate test when designated in their IEP, as provided in item #3 below.

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

(cf. [6142.93](#) - *Science Instruction*)

3. For students with disabilities who are unable to take the tests specified in items #1-2 above, even with appropriate accommodations or other testing resources, and who have an IEP that designates the use of alternate tests at the applicable grade levels:
 - a. California Alternate Assessment in English language arts and mathematics for students with significant cognitive disabilities
 - b. For the science assessment, either the California Modified Assessment or, for students with significant cognitive disabilities, the California Alternate Performance Assessment

In addition, the Superintendent or designee may administer a primary language assessment to English learners. Administration of this test shall not replace the administration of the above tests, administered in English, to English learners. (Education Code [60640](#))

The primary language assessment also may be used to assess students in a dual language immersion program who are not limited English proficient or who are redesignated fluent English proficient, subject to approval by the California Department of Education (CDE) of an agreement between the district and the state testing contractor. (Education Code [60640](#))

Exemptions

Each year the Superintendent or designee shall notify parents/guardians of their child's participation in the CAASPP and of the provisions of Education Code [60615](#) related to exemptions from testing. (5 CCR [852](#))

(cf. [5145.6](#) - *Parental Notifications*)

A parent/guardian may annually submit to the school a written request to excuse his/her child from any or all parts of the CAASPP assessments for the school year, and such a request shall be granted by the Superintendent or designee. However, district employees shall not solicit or encourage any exemption request on behalf of any student or group of students. (Education Code [60615](#); 5 CCR [852](#))

If a parent/guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent/guardian and included in the student's records. (5 CCR [852](#))

Testing Period

The Superintendent or designee shall establish testing days for district students within the following available testing windows: (5 CCR [855](#))

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

1. Assessments in English language arts and mathematics shall be administered between the date on which at least 66 percent of the school's or track's annual instructional days for grades 3-8, or at least 80 percent of the annual instructional days for grade 11, have been completed and the last day of instruction for the regular annual calendar of the school or track.
2. All science assessments, including CAPA and CMA, shall be administered during an available testing window of 25 instructional days that includes 12 instructional days before and after completion of 85 percent of the school's or track's annual instructional days.
3. Beginning in the 2016-17 school year, the CAA shall be administered during the available testing windows specified in item #1.
4. The primary language assessment shall be administered to English learners within the testing window specified in item #2.

Within the above testing windows, the Superintendent or designee may designate one testing period for each school or track or, if a school has multiple tracks, a selected testing period for each track. The district shall not exceed six selected testing periods within the available testing window. The testing period shall be no fewer than 25 consecutive instructional days and may be extended up to an additional 10 consecutive instructional days if still within the available testing window set forth in items #1-4 above. (5 CCR [855](#))

Students who are absent during testing shall be provided an opportunity to take the tests within the testing window.

Testing Variations

CAASPP achievement tests and the primary language test shall be administered in accordance with the manuals or other instructions provided by the test contractor or CDE except that, as appropriate, the following testing variations may be used: (5 CCR [850](#), [853](#)-[853.8](#))

1. Universal tools specified in 5 CCR [853.5](#) may be used with any student.
2. Designated supports specified in 5 CCR [853.5](#) and, if an English learner, in 5 CCR [853.7](#), may be used with a student for whom the need has been indicated by an educator or team of educators, with parent/guardian and student input as appropriate, or for whom the need is specified in the student's IEP or Section 504 plan.
3. Accommodations specified in 5 CCR [853.5](#) may be used with a student with disabilities when included in the student's IEP or Section 504 plan as resources that are regularly used in the classroom for the student's instruction and/or assessment(s). Such accommodations shall be either utilized in the assessment environment or

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

consist of changes in procedures or materials that increase equitable access during the assessment.

4. An unlisted resource that has not been specifically identified as an approved universal tool, designated support, or accommodation may be used with a student who has an IEP or Section 504 plan provided that the resource is one that is regularly used in the classroom for instruction and/or assessment and the CDE has approved its use. At least 10 business days prior to the student's first day of CAASPP testing, the district or school site test coordinator may electronically submit a request to the CDE for approval to use that unlisted resource during that year. If the CDE determines that the unlisted resource changes the construct being measured, the unlisted resource may nevertheless be used with the student in order to generate an individual score report even though the student shall not be counted in the participation rate for accountability measures. (5 CCR 853.8)

In the administration of the CAA to a student with significant cognitive disabilities, the student may have all instructional supports that may be used in daily instruction or assessment, including language and physical supports, with the exception of any inappropriate test practices listed in test administration manuals. (5 CCR [850](#), 853.6)

Report of Test Results

For any state assessments that produce valid individual student results, the Superintendent or designee shall forward or transmit the student's test results to his/her parents/guardians within 20 working days from receipt of the results from the test contractor or, if the district receives the results from the contractor after the last day of instruction for the school year, then within the first 20 working days of the next school year. The report shall include a clear explanation of the purpose of the test, the student's score, and its intended use by the district. An individual student's scores shall also be reported to his/her school and teacher(s) and shall be included in his/her student record. (Education Code [60641](#); 5 CCR [863](#))

(*cf.* [5125](#) - *Student Records*)

With parent/guardian consent, the Superintendent or designee may release a student's test results to a postsecondary educational institution for the purposes of credit, placement, determination of readiness for college-level coursework, or admission. (Education Code [60641](#))

The Superintendent or designee shall present districtwide, school-level, and grade-level results to the Governing Board at a regularly scheduled meeting. The Board shall not receive individual students' scores or the relative position of any individual student. (Education Code [49076](#), [60641](#))

If the copyright holder requires a fee to grant permission, district staff shall seek approval from the Superintendent or designee prior to incurring the cost.

Criteria for Fair Use

In considering whether a copyrighted work may be used without the copyright holder's permission on the grounds that the intended use is "fair use" pursuant to 17 USC 107, including reproduction in copies, phonorecords, or any other reproductive form for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research, district staff shall consider all of the following factors: (17 USC 107)

1. The purpose and character of the use, including whether the use is of a commercial nature or for nonprofit educational purposes
2. The nature of the copyrighted work
3. The amount and substantiality of the portion used in relation to the copyrighted work as a whole
4. The effect of the use upon the potential market for or value of the copyrighted work

Any determination of fair use shall weigh together all the factors specified in items #1-4 above in addition to any applicable guidelines presented in this administrative regulation for specific types of copyrighted works.

Guidelines for Copying Text

Staff may reproduce text from a copyrighted work from a printed resource, the Internet, or other source, without permission from the copyright holder, under the following conditions:

1. A single copy of a chapter of a book, article from a periodical or newspaper, short story, short essay, short poem, chart, graph, diagram, drawing, cartoon, or picture

USE OF COPYRIGHTED MATERIALS (continued)

- may be made by or for a teacher for his/her scholarly research or use in teaching or preparation to teach a class.
2. Multiple copies, not to exceed one copy per student in a course, may be made by or for a teacher for classroom use or discussion, provided that:
 - a. The amount to be copied does not exceed:
 - (1) 250 words for a complete poem or excerpt from a poem
 - (2) 2,500 words for a complete article, story, or essay
 - (2) 1,000 words or 10 percent of the whole (with a minimum of 500 words), whichever is less, for an excerpt from a larger prose work
 - (4) One illustration (e.g., chart, graph, diagram, cartoon, or picture) per book or periodical issue
 - b. The copying is for only one course in the school.
 - c. With the exception of newspapers and other news periodicals, not more than one work is copied from the same author per term, not more than three works are copied from the same collective work or periodical volume per term, and there are no more than nine instances of multiple copying per course per term.
 - d. A delay to request permission from the copyright holder would preclude the most effective instructional use of the material.

Guidelines for Reproducing Sheet and Recorded Music

District staff may reproduce sheet music and recorded music without permission from the copyright holder under the following conditions:

1. Emergency copies may be made when purchased copies needed for an imminent performance are not available, provided that replacement copies shall be purchased in due course.
2. Single or multiple copies of excerpts of works may be made for academic purposes other than performances, provided that the excerpt does not constitute an entire performable unit (e.g., a section, movement, or aria), no more than 10 percent of the total work is used, and the number of copies made does not exceed one per student.

USE OF COPYRIGHTED MATERIALS (continued)

3. Printed copies that have been purchased may be edited or simplified provided that the character of the work is not distorted and lyrics are not added or altered.
4. A single copy of a recorded performance by students may be made for evaluation or rehearsal purposes.
5. A single copy of recordings of copyrighted music owned by the district or individual teacher may be made for the purpose of constructing exercises or examinations.

Guidelines for Performing or Displaying Copyrighted Works

In the course of face-to-face instruction in a classroom or similar place devoted to instruction, teachers or students may recite, render, play, dance, act, or show a copyrighted work either directly or by means of any device or process or, in the case of a motion picture or other audiovisual work, show its images in any sequence or to make the sounds accompanying it audible, provided that: (17 USC 101, 110)

1. The performance or display is given by means of a lawfully obtained copy of the work.
2. The performance or display is made by, at the direction of, or under the actual supervision of a teacher as an integral part of a class session.
3. The performance or display is directly related and of material assistance to the teaching content of the transmission.
4. The transmission is limited to students enrolled in the course or to Governing Board members or employees as part of their official duties or employment.
5. If the work is to be digitally transmitted, the district has applied technological protections that reasonably prevent retention of the work in accessible form for longer than the class session and the unauthorized further dissemination of the work.

Any use of a motion picture or other audiovisual work outside the curriculum, such as for entertainment, a school or class reward, or a fundraiser, shall require permission from the copyright holder or a special viewing license.

USE OF COPYRIGHTED MATERIALS (continued)

Guidelines for Recording Broadcast Programming

Teachers may make recordings of television programs for use in a classroom for educational purposes under the following conditions:

1. Only programs provided to the public free of charge may be recorded and shown. Any use of programming from paid television services shall require permission of the copyright holder.
2. The recording may be shown only during the first 10 consecutive school days after it is made. It may be used once by an individual teacher in the course of relevant teaching activities and may be repeated once only when instructional reinforcement is necessary.
3. A limited number of copies may be reproduced from each recording to meet the legitimate needs of the teacher. Each copy shall be subject to all the provisions governing the original recording.
4. The recording may be retained for 45 calendar days after it is made and then shall be erased or destroyed. However, after the first 10 consecutive school days, the recording may only be used for purposes of determining whether or not to include the broadcast program in the teaching curriculum. If the teacher decides to keep the program for use in the curriculum, he/she shall request permission from the copyright owner.
5. Off-air recordings need not be used in their entirety, but the content of recorded programs may not be altered.

Guidelines for Copying Computer Programs or Software

District staff shall observe all licensing agreements between vendors and the district, including monitoring the number of users permitted by an agreement. Unless the applicable licensing agreement authorizes multiple users of a single computer program or software, the district shall not make multiple copies.

Copies of district-owned software may be made under either of the following conditions: (17 USC 117)

1. The copy is needed as an essential step in using the computer program with a particular machine.

USE OF COPYRIGHTED MATERIALS (continued)

2. The copy is used for archival or "backup" purposes only. This copy may be held only as a file copy and must be destroyed in the event that continued possession of the program ceases to be rightful, unless the copyright owner authorizes its sale, lease, or transfer as part of the sale, lease, or transfer of the original program.

Internet Policy Statement

Mission

Biggs Unified School District (BUSD) provides electronic information resources to students and staff. It is our mission to improve learning and teaching through interpersonal communication, student access to information, research, teacher training, collaboration and dissemination of successful educational practices, methods, and materials.

(The Internet is an electronic information and communications "highway" connecting millions of computers all over the world and millions of individual people.)

Rights and Responsibilities

Biggs Unified School District is connected to the Internet in cooperation with the Butte County Office of Education. This connection will provide access to local, national and international sources of information and collaboration vital to intellectual inquiry in a democracy. In return for this access, every user has the responsibility to respect and protect the rights of every other user in our community and on the Internet. In short, users and accounts holders are expected to act in a responsible, ethical and legal manner, in accordance with Biggs Unified School District's Internet Code of Conduct (see procedures), the missions and purposes of the other networks they use on the Internet, and the laws of the states and the United States. Use of computer resources is a privilege, not a right.

The Superintendent is directed to develop, implement, monitor, evaluate and modify, on an as needed basis, Administrative Procedures to implement this policy.

Internet Policy Procedure

Internet Code of Conduct

The Internet Code of Conduct applies to all users of the BUSD network. It reads:

"I will act, in all situations, with honesty, integrity and respect for the rights of others and to help others to behave in a similar fashion. I will make a conscious effort to be of service to others and to the community. I agree to follow the access, usage, and content rules as put forth in the **Biggs Unified School District Internet Policy Statement and Policy Procedure.**"

BUSD Student Network Responsibility Contract

The advent of internetwork accessibility provides students with a full spectrum of information. The Student Network Responsibility Contract is an attempt to provide user guidelines and a code of conduct for students to follow. Ultimately, parent(s) and guardian(s) of minors are responsible for setting and conveying the standards that their child or ward should follow. By signing the **BUSD Student Network Responsibility Contract** (Attachment A), the requester and his/her parent(s) or guardian(s) agree to abide by the restrictions outlined in the **Student Network Responsibility Contract**. The student and his/her parent(s) or guardian(s) should discuss these responsibilities.

The BUSD Internet system is provided to support BUSD's educational responsibilities and mission. The specific conditions and services being offered may change from time to time. BUSD makes no warranties with respect to Internet service or content. Further, the requester and his/her parent(s) or guardian(s) should be aware that BUSD does not have control of the information on the Internet, nor can it provide barriers to account holders accessing the full range of information available. Other sites accessible via the Internet may contain material that is illegal, defamatory, inaccurate or potentially offensive to some people. Similarly, while BUSD supports the privacy of electronic mail, account users must assume that total privacy cannot be guaranteed.

BUSD believes that the benefits to educators and students from access to the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access.

**Student Network Responsibility Contract
(Terms and Conditions)**

Please read the following carefully before signing this document. This is a legally binding contract and must be signed before network access is given.

Biggs Unified School District's computer network provides access to the Internet. The Internet is an electronic information and communications "highway" connecting millions of computers all over the world and millions of individual people. Students, teachers, support staff, parents and community members with accounts have access to any or all of the following: 1) electronic mail (email) communication with people all over the world; 2) information and news from a wide variety of sources and research institutions; 3) public domain and shareware software of all types; 4) discussion groups on a wide variety of topics; 5) access to many university libraries, the Library of Congress, and more!

With access to computers and people all over the world also comes the availability of some materials that may not be considered to be of educational value within the context of the school setting. Biggs Unified School District (BUSD) staff has taken precautions to restrict access to some inappropriate materials. However, on a global network, it is impossible to control all materials. The administration and Board of Education of the BUSD firmly believe that the valuable information and interaction available on this worldwide network far outweigh the possibility of users procuring material that is not consistent with the educational goals within each school.

Attached are guidelines provided to establish the responsibilities you are about to acquire. If any user violates any of these provisions, his or her account or access privileges may be terminated, appropriate disciplinary action taken, and all future access could be denied. The signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

I. ACCEPTABLE USE: The purpose of BUSD's provision of access to the Internet is to support research and education in and among schools and academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. Use of other organizations' networks or computing resources must comply with rules appropriate for that network. Transmission of any materials in violation of any U.S. or state organization is prohibited. Do not use another individual's account, forge messages or post anonymous messages. Attempts to login to the system as any other user may result in cancellation of user privileges. Attempts to login to BUSD networks as a system administrator or any other form of unauthorized access may result in immediate cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to BUSD network services. (Initials _____)
