INDEPENDENT AUDITOR'S REPORT

Board of Trustees Biggs Unified School District Biggs, California

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Biggs Unified School District, as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Biggs Unified School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements do not include financial data for the District's legally separate component unit. Accounting principles generally accepted in the United States of America require the financial data for the component unit to be reported with the financial data of the District's primary government unless the District also issues financial statements for the financial reporting entity that include the financial data for its component unit. The District has not issued such reporting entity financial statements. Because of this departure from accounting principles generally accepted in the United States of America, the assets, net assets, and change in net assets of the discretely presented component unit would have been presented as \$54,046, \$54,046, and \$(2,146), respectively.

In our opinion, because of the omission of the discretely presented component unit as discussed above, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the discretely presented component unit of the District as of June 30, 2012, or the changes in the financial position thereof for the year then ended.

In addition, in our opinion, except for the effects of omitting the discretely component unit as discussed above, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Board of Trustees Biggs Unified School District Page Two

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2012 on our consideration of Biggs Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 13, the budgetary comparison information on pages 43 and 44, and the schedule of funding progress on page 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Briggs Unified School District's financial statements as a whole. The accompanying combining fund financial statements and supplementary schedules listed in the table of contents, including the Schedule of Expenditures of Federal Awards, which is presented as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, are presented for purposes of additional analysis and are not required parts of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

(PREPARED BY DISTRICT MANAGEMENT)

This section of Biggs Unified School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2012. Please read it in conjunction with the Independent Auditor's Report presented on pages 1 and 2, and the District's financial statements, which immediately follow this section.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and Statement of Activities, presented on pages 14 and 15, provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements for governmental activities, presented on pages 16 through 19, provide information about how District services were financed in the short-term, and how much remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside the District.

FINANCIAL HIGHLIGHTS

- The overall financial status of the District declined slightly during the course of the year as total net assets decreased 5.6%.
- > On the Statement of Activities, total current year expenses exceeded total current year revenues by \$228,624.
- ➤ On the Statement of Revenues, Expenditures, and Changes in Fund Balances, total current year expenditures and other financing uses exceeded current year revenues and other financing sources by \$436,511.
- Capital assets, net of depreciation, increased \$395,971 due to the current year addition of \$565,968 of capital assets and improvements, and the current year recognition of \$169,997 of depreciation expense.
- > Total long-term liabilities increased \$178,275 due to the District's increased obligation for other postemployment benefits.
- The District's P-2 average daily attendance (ADA) decreased from 529 ADA in fiscal year 2010-11, down to 497 ADA in fiscal year 2011-12, a decrease of 6%.
- ➤ During fiscal year 2011-12, the District's General Fund produced an operating deficit of \$153,833, and reported an \$880,656 decrease in its available reserves due to a significant increase in the portion of the ending fund balance that has been classified as being assigned for future purposes.
- ➤ The District maintains sufficient reserves for a district its size. It meets the state required minimum reserve for economic uncertainty of 4% of general fund expenditures, transfers out, and other uses (total outgo). During fiscal year 2011-12, General Fund expenditures and other financing uses totaled \$5,523,850. At June 30, 2012, the District has available reserves of \$782,339 in the General Fund, which represents a reserve of 14.16%.

(PREPARED BY DISTRICT MANAGEMENT)

THE FINANCIAL REPORT

The full annual financial report consists of three separate parts, including the basic financial statements, supplementary information, and management's discussion and analysis. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives, government-wide and funds.

- Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the District's overall financial position.
- Individual parts of the District, which are reported as fund financial statements comprise the remaining statements.
 - Basic services funding is described in the governmental funds statements. These statements include short-term financing and identify the balance remaining for future spending.
 - Short and long-term financial information about the activities of the District that operate like businesses are provided in the proprietary fund statements, when applicable.
 - Financial relationships, for which the District acts as an agent or trustee for the benefit of others to whom the resources belong, are presented in the fiduciary funds statements.

Notes to the financials, which are included in the financial statements, provide more detailed data and explain some of the information in the statements. The required supplementary information provides further explanations and provides additional support for the financial statements. A comparison of the District's budget for the year is included.

Reporting the District as a Whole

The District as a whole is reported in the Government-wide statements and uses accounting methods similar to those used by companies in the private sector. All of the District's assets and liabilities are included in the Statement of Net Assets. The Statement of Activities reports all of the current year's revenues and expenses regardless of when cash is received or paid.

The District's financial health or position (net assets) can be measured by the difference between the District's assets and liabilities.

- Increases or decreases in the net assets of the District over time are indicators of whether its financial position is improving or deteriorating, respectively.
- Additional non-financial factors such as the condition of school buildings and other facilities, and changes in the property tax base of the District need to be considered in assessing the overall health of the District.

(PREPARED BY DISTRICT MANAGEMENT)

THE FINANCIAL REPORT (CONCLUDED)

Reporting the District as a Whole (Concluded)

In the Statement of Net Assets and the Statement of Activities, we divide the District into two kinds of activities:

Governmental Activities:

The basic services provided by the District, such as regular education and administration, are included here, and are primarily financed by property taxes. Non-basic services, such as child nutrition are also included here, but are financed by a combination of local revenues and state programs.

Business-type Activities:

The District does not provide any services that should be included in this category.

Reporting the District's Most Significant Funds

The District's fund-based financial statements provide detailed information about the District's most significant funds. Some funds are required to be established by State law and bond covenants. However, the District establishes many other funds as needed to control and manage money for specific purposes.

Governmental Funds:

The major governmental funds of the Biggs Unified School District are the General Fund and Deferred Maintenance Fund. Governmental fund reporting focuses on how money flows into and out of the funds and the balances that remain at the end of the year. A modified accrual basis of accounting measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and services. Governmental fund information helps to determine the level of financial resources available in the near future to finance the District's programs.

Proprietary Funds:

Services for which the District charges a fee are generally reported in proprietary funds on a full accrual basis. These include both Enterprise funds and Internal Service funds. Enterprise funds are considered business-type activities and are also reported under a full accrual method. This is the same basis as business-type activities; therefore no reconciling entries are required. Internal service funds are reported with the Governmental Funds. The District has no funds of this type.

Fiduciary Funds:

The District is the trustee, or fiduciary, for its scholarship and student activity funds. All of the District's fiduciary activities are reported in separate Fiduciary Statements. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance their operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

(PREPARED BY DISTRICT MANAGEMENT)

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

GOVERNMENTAL ACTIVITIES

The District's net assets decreased from \$4,117,012 at June 30, 2011, down to \$3,888,388 at June 30, 2012, a decrease of 5.6%.

Totals	\$ 6,060,636	\$	6,053,107	\$	4,923,664	\$	5,071,170	

The table above presents the cost of major District activities. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The \$5,071,170 net cost represents the financial burden that was placed on the District's general revenues for providing the services listed.

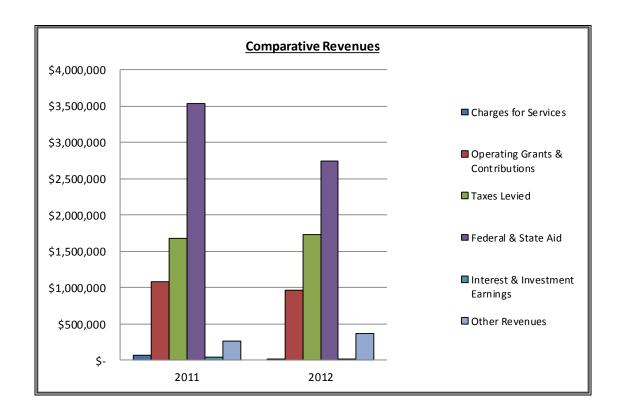

Program revenues financed 16% of the total cost of providing the services listed above, while the remaining 84% was financed by the general revenues of the District.

The fund balance of the General Fund decreased \$153,833, while the combined fund balances of all other District governmental funds decreased \$282,678.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared in accordance with California law and is based on the modified accrual basis of accounting. Over the course of the year, the District revises its budget based on updated financial information. The original budget, approved at the end of June for July 1, is based on May Revise figures and updated 45 days after the State approves its final budget. In addition, the District revises its budget at First and Second Interim to reflect the most current financial information available at that point in time. The original budget presented on page 43 includes only new revenues for fiscal year 2011-12.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

The District has experienced declining enrollment during each of the past three years. Accordingly, a further decline is likely during fiscal year 2012-13. Since student enrollment and attendance are primary factors in the computation of most funding formulas for public schools in the State of California, the District will likely experience a corresponding decline in future funding. Since revenue limit funding is generally based on the ADA of the current fiscal year or the prior fiscal year, whichever is most beneficial, the District's 2012-13 revenue limit funding will likely be based on fiscal year 2011-12 P-2 ADA.

(PREPARED BY DISTRICT MANAGEMENT)

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE (CONCLUDED)

Due to the unprecedented nature of the current State and Federal fiscal crisis, the amount of funding that will be available to the District remains uncertain. As a result, management will need to plan carefully and prudently to provide the resources to meet student needs over the next several years. The District has an excellent track record in meeting this challenge in what has proven to be a cycle of lean years and prosperous years for education finances.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions regarding this report or need additional financial information, contact the District Office, Biggs Unified School District, 300 B Street, Biggs, California 95917.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The Biggs Unified School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of California. It is governed by a five member Board of Trustees elected by registered voters of the District, which comprises an area in Butte County. The District was established in 1906 and serves students in kindergarten through grade twelve.

The District accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

The governmental financial reporting entity consists of the following:

- The primary government
- Organizations for which the primary government is financially accountable
- Other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete

The nucleus of a financial reporting entity is usually a primary government. Governmental Accounting Standards Board (GASB) Statement No. 14 (GASB 14), *The Financial Reporting Entity*, defines a *primary government* as any state government, general-purpose local government, or special-purpose government that meets all of the following criteria:

- It has a separately elected governing body
- It is legally separate
- > It is fiscally independent of other state and local governments

The primary government consists of all funds that make up the legal entity. The primary government also consists of funds for which it has a fiduciary responsibility, even though those funds may represent organizations that do not meet the definition for inclusion in the financial reporting entity.

Component units include legally separate organizations (whether governmental, not-for-profit, or for-profit organizations) for which elected officials of the primary government are financially accountable. A primary government is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has (a) a separately elected governing board, (b) a governing board appointed by a higher level of government, or (c) a iointly appointed board.

The primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities, or level of services performed or provided by the organization.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Financial Reporting Entity (Concluded)

An organization can provide a financial benefit to, or impose a financial burden on, a primary government in a variety of ways and indicates that an organization has a financial benefit or burden relationship with a primary government if any one of the following conditions exist:

- ➤ The primary government is legally entitled to or can otherwise access the organization's resources.
- ➤ The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- ➤ The primary government is obligated in some manner for the debt of the organization.

In addition, GASB 14 also requires certain organizations to be included as component units if the nature and significance of their relationship with the primary governments are such that excluding them would render the financial reporting entity's financial statements misleading or incomplete.

Based on the GASB 14 criteria and definitions, the District is the primary government and there are no material potential component units which should be included in the Financial Reporting Entity in these financial statements.

GASB Statement No. 39 (GASB 39), *Determining Whether Certain Organizations are Component Units*, provides further guidance, stating that a legally separate organization should be reported as a component unit if all of the following criteria are met:

- The economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the primary government or its component units.
- ➤ The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the organization.
- The economic resources received or held by the organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The District has determined that the Biggs Educational Foundation (the Foundation) meets the criteria set forth in GASB 39. However, since the Foundation does not issue audited financial statements, the financial statements of the District include only the financial data of the primary government, which consists of all funds that comprise the District's legal entity, and all funds for which it has a fiduciary responsibility. The financial statements do not include financial data of the Foundation, which accounting principles generally accepted in the United States of America require to be reported with the financial data of the primary government. As a result, these financial statements do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Financial Reporting Entity, or the respective changes in its financial position.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation

Government-wide Financial Statements:

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the non-fiduciary activities of the District and its component units, when applicable.

The effect of interfund activity, within the governmental type activities columns, has been removed from these statements.

The government-wide financial statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund and fiduciary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements:

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major governmental fund is presented in a separate column, and all non-major funds are aggregated into one column. Fiduciary funds are reported by fund type.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Fiduciary funds are reported using the economic resources measurement focus.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

Revenues - Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. Under the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, "available" means collectible within the current period or within 45, 60, 90 days after year-end, depending on the revenue source. However, to achieve comparability of reporting among California Districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to state apportionments, the California Department of Education has defined available as collectible within one year.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Deferred Revenue:

Deferred revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred revenue. On governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have also been recorded as deferred revenue.

Expenses/Expenditures:

On an accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Concluded)

Expenses/Expenditures (Concluded):

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District maintains the following fund types:

General Fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Other resources also may be reported in the fund if those resources are restricted, committed, or assigned to the specified purpose of the fund.

Capital Projects Funds - Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The District's accounts are organized into major, non-major, and fiduciary funds as follows:

Major Governmental Funds:

General Fund is the general operating fund of the District. It is used to account for all transactions except those required or permitted by law to be accounted for in another fund.

Deferred Maintenance Fund is used for the purpose of major repairs or replacement of District property.

Non-major Governmental Funds:

Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's cafeteria program.

Capital Facilities Fund is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act (CEQA).

Capital Projects - Special Reserve Fund is used to account for resources that have been set aside for future capital outlay projects.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Fund Accounting (Concluded)

Fiduciary Funds:

Private-Purpose Trust Funds are used to account for assets held by the District as trustee pursuant to formal agreements with donors and under which neither principal nor income may be used for purposes that support the District's own programs. The Foundation Private-Purpose Trust Fund is used to account separately for gifts or bequests that provide scholarships to students of the District.

Agency Funds are used to account for assets of others for which the District acts as an agent. The District maintains an agency fund to account for the student body activities at Biggs Elementary School and Biggs High School. The student body funds are used to account for the raising and expending of money to promote the general welfare, and educational experience of the student body.

E. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

These budgets are revised by the District's Governing Board and Superintendent during the year to give consideration to unanticipated income and expenditures. The original and final revised budget is presented for the General Fund and Deferred Maintenance Fund as required supplementary information on pages 43 and 44.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account (See Note 3).

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Assets, Liabilities and Equity

1. Deposits and Investments

The District is authorized to maintain cash in banks and revolving funds that are insured to \$250,000 by the Federal Depository Insurance Corporation (FDIC).

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001).

The County is authorized to deposit cash and invest excess funds by California *Government Code* Section 53648 et seq. The funds maintained by the County are either secured by the FDIC or are collateralized.

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies; certificates of participation; obligations with first priority security; and collateralized mortgage obligations.

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost.

2. Stores Inventory and Prepaid Expenses

Inventories are recorded using the consumption method in that inventory acquisitions are initially recorded in inventory asset accounts and are recorded as expenditures when the supplies are used. Inventories are valued at average cost and consist of expendable supplies held for consumption.

Reported inventories are equally offset by a net assets reserve, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

Prepaid expenses include issuance costs related to prior year and current year debt issues, which are being amortized over the life of the obligations. Reported prepaid expenses are equally offset by a net assets reserve, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Assets, Liabilities and Equity (Continued)

3. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset's lives are not capitalized, but are expensed as incurred. Depreciation on all capital assets is computed using a straight-line basis over the following estimated useful lives:

Asset Class	<u>Years</u>
Sites and Improvements	10-20
Buildings and Improvements	20-50
Furniture and Equipment	5-20

4. Deferred Revenue

Cash received for federal and state special projects and programs is recognized as revenue to the extent that qualified expenditures have been incurred. Deferred revenue is recorded to the extent that cash received on specific projects and programs exceeds qualified expenditures. Deferred revenue includes premiums associated with bonds, when applicable, which are amortized over the life of the bond obligation.

5. Compensated Absences

All vacation pay is accrued when incurred in the government-wide financial statements.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken, since such benefits do not vest, nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

6. Long-term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as long-term liabilities in the Statement of Net Assets. Premiums and discounts, as well as issuance costs are deferred and amortized over the life of the debt. Long-term debt is reported net of applicable premiums or discounts.

In the fund financial statements, governmental funds recognize premiums and discounts as well as bond issuance costs, during the current period. The face amount of the debt issued, premiums, or discounts are reported as other financing sources or uses.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Assets, Liabilities and Equity (Continued)

7. Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable Fund Balance consists of funds that cannot be spent due to their form (e.g. inventories and prepaids) or funds that legally or contractually must be maintained intact.

Restricted Fund Balance consists of funds that are mandated for a specific purpose by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance consists of funds that are set aside for a specific purpose by the district's highest level of decision making authority (governing board). Formal action must be taken prior to the end of the fiscal year. The same formal action must be taken to remove or change the limitations placed on the funds.

Assigned Fund Balance consists of funds that are set aside with the intent to be used for a specific purpose by the district's highest level of decision making authority or a body or official that has been given the authority to assign funds.

Unassigned Fund Balance consists of excess funds that have not been classified in the previous four categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls. The District's minimum fund balance policy requires a reserve for economic uncertainties of no less than 5% of total General Fund expenditures and other financing uses.

The District considers restricted fund balances to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the District considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts.

8. Revenue Limit/Property Tax

The District's revenue limit is received from a combination of local property taxes, state apportionments, and other local sources. The County of Butte is responsible for assessing, collecting and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values as of the preceding January 1, which is also the lien date. Property taxes on the secured roll are due on November 1 and February 1, and taxes become delinquent after December 10 and April 10, respectively.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

H. Assets, Liabilities and Equity (Concluded)

8. Revenue Limit/Property Tax (Concluded)

Property taxes on the unsecured roll are due on the lien date (January 1), and become delinquent if unpaid by August 31. Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternative method of distribution prescribed by Section 4705 of the California *Revenue and Taxation Code*. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1 of each year.

The County Auditor reports the amount of the District's allocated property tax revenue to the California Department of Education. Property taxes are recorded as local revenue limit sources by the District.

The California Department of Education reduces the District's entitlement by the District's local property tax revenue. The balance is paid from the State General Fund, and is known as the state apportionment.

The District's Base Revenue Limit is the amount of general purpose tax revenue, per average daily attendance (ADA), that the District is entitled to by law. This amount is multiplied by the applicable attendance period ADA to derive the District's total entitlement.

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2012, consist of the following:

	Governmental <u>Activities</u>	Fiduciary <u>Activities</u>		
Cash on Hand and in Banks Cash in Revolving Fund County Pool Investments	\$ 4,663 1,575,364	\$ 194,320 97.775		
Total Deposits and Investments	\$ 1,580,027	\$ 292,095		

Cash on Hand and in Banks

Cash on hand and in banks consists of all cash held by the District and all cash maintained in commercial bank accounts owned by the District, exclusive of amounts held in revolving funds.

Cash in Revolving Fund

Cash in revolving fund consists of all cash maintained in commercial bank accounts that are used as revolving funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

County Pool Investments

County pool investments consist of District cash held by the Butte County Treasury that is invested in the county investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts that are based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio).

General Authorization

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedule below:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage	Investment
Investment Type	Maturity	of Portfolio	in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rate will adversely affect the fair value of an investment. Generally, as the length of the maturity of an investment increases, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury that purchases a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Segmented Time Distribution

Information about the sensitivity of the fair value of the District's investment to market interest rate fluctuations is provided by the following schedule that shows the distribution of the District's investment by maturity:

Governmental Activities:

Investment Type	 Carrying Value		Fair Value	 ess Than 1 Year	More Than 1 Year		
County Pool Investments	\$ 1,575,364	\$	1,575,364	\$ 432,152	\$	1,143,212	
Fiduciary Activities:							
Investment Type	 Carrying Value	Fair <u>Value</u>		 ess Than 1 Year		More Than 1 Year	
County Pool Investments	\$ 97,775	\$	97,775	\$ 26,822	\$	70,953	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Governmental Activities:

	Carrying	Fair	Rating as of Year End			nd
Investment Type	 Value	 Value	AAA	Aa		Unrated
County Pool Investments	\$ 1,575,364	\$ 1,575,364			\$	1,575,364
Fiduciary Activities:						
	Carrying	Fair	Ratin	g as of Ye	ar E	nd
Investment Type	 Value	 Value	AAA	Aa		Unrated
County Pool Investments	\$ 97,775	\$ 97,775			\$	97,775

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. However, the District does not hold any investments in any one issuer, at year-end, that represents five percent or more of the total investments held by the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (CONCLUDED)

Custodial Credit Risk - Investments

This is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The District does not have a policy limiting the amount of securities that can be held by counterparties. As of June 30, 2012, the District does not have any investments that are held by counterparties.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies.

California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2012, the District does not have a bank balance that is exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

Derivative Investments

The District does not directly invest in any derivative investments. Information relating to the use of derivative investments by the Butte County Treasury was not available.

NOTE 3 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Excess of expenditures over appropriations in the General Fund were as follows:

<u>Fund</u>	Exp	<u>enditures</u>
General Fund:		
Certificated Salaries	\$	3,459
Books and Supplies		27,295
Services and Other Operating Expenditures		11,700

The District incurred unanticipated expenditures in excess of appropriations in each of the above expenditure classifications for which the budget was not revised.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 4 - RECEIVABLES

Receivables at June 30, 2012 consist of the following:

	General <u>Fund</u>	lon-Major vernmental <u>Funds</u>	G	Total overnmental <u>Activities</u>	Fiduciary Activities
Federal Government	\$ 24,543	\$ 32,942	\$	57,485	
State Government	705,817	2,427		708,244	
Interest	5,994	469		6,463	\$ 318
Miscellaneous	 89,403			89,403	
Totals	\$ 825,757	\$ 35,838	\$	861,595	\$ 318

NOTE 5 - INTERFUND ACTIVITIES

Interfund transactions are reported as either loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables, as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

A. Due From/Due To Other Funds

Individual fund interfund receivable and payable balances at June 30, 2012 are as follows:

<u>Funds</u>	Interfund <u>Receivables</u>		
General Cafeteria	\$ 9,738 3,605	\$	3,605 9,738
Totals	\$ 13,343	\$	13,343

All interfund receivables and payables are scheduled to be paid within one year.

B. Interfund Transfers

Interfund transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended. Interfund transfers for fiscal year 2011-12 were as follows:

<u>Funds</u>	Transfers In		<u>Trar</u>	nsfers Out
General Deferred Maintenance	\$	22,651	\$	22,651
Totals	\$	22,651	\$	22,651

Transfer of \$22,651 from Deferred Maintenance Fund to General Fund to provide funding to make debt service interest payments on the outstanding lease revenue notes.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 6 - CAPITAL ASSETS AND DEPRECIATION

Capital asset activity for the year ended June 30, 2012, is presented below:

	Balances						Balances
	July 1, 2011		<u>Additions</u>		<u>Deletions</u>	J	une 30, 2012
Land	\$ 283,366					\$	283,366

Governmental Activities							
Capital Assets, net	\$ 2,487,086	\$	395,971	\$	0	\$	2,883,057

Depreciation expense was charged to governmental activities as follows:

Instruction	\$ 108,293
Home-To-School Transportation	20,053
Food Services	6,313
Other Pupil Services	1,025
Data Processing Services	3,000
Other General Administration	5,804
Plant Services	 25,509
Total	\$ 169.997

NOTE 7 - LEASE REVENUE NOTES

On July 14, 2010, the District issued lease revenue notes in the amount of \$420,000, with an interest rate of 2.75%. The proceeds from the notes were used to finance the Biggs High School HVAC construction project. The District expects to use critical hardship funding from the State to make the annual debt service payments. The amount of interest incurred during the year ended June 30, 2012, was \$11,550, all of which was charged to expenses. The notes call for one remaining annual interest only payment of \$11,550 on June 30, 2013. The principal is due and payable on June 30, 2014, along with interest of \$11,550.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 8 - EARLY RETIREMENT INCENTIVES

In addition to the other post employment benefits described in Note 9 below, the District has negotiated early retirement incentive agreements with certain individuals, which provide retiree health benefits that are above and beyond the benefits described in Note 9. As of June 30, 2012, there were nine individuals receiving benefits under these additional agreements.

Future estimated payments relating to individuals currently receiving these benefits are as follows:

Year Ended June 30	Retirement Incentives
2013 2014 2015	\$ 19,654 25,141 23,341
2016 2017 2018-22	1,482 1,482 0
2023-27	20,000
Total	<u>\$ 91,100</u>

NOTE 9 - OTHER POST EMPLOYMENT BENEFITS (OPEB)

From an accrual accounting perspective, the cost of post employment healthcare benefits (OPEB), like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when the benefits are paid or provided. Governmental Accounting Standards Board Statement No. 45 requires an accrual basis measurement and recognition of OPEB cost over a period that approximates employees' years of service and provides information about actuarial accrued liabilities associated with OPEB and to what extent progress is being made in funding the plan.

Plan Description:

<u>Certificated employees</u> may retire with District-paid medical, dental, and vision benefits after the later of age 55 and 15 years of District service credit. Benefits are paid for 7 years plus one additional year for each 5 years of service credit in excess of 15, to a maximum of 10 years of District-paid benefits. The annual District contribution during retirement is subject to a cap of 110% of the cost of insurance premiums at the time of retirement. In applying the 110% rule, each coverage (i.e., medical, dental and vision) is capped separately and then summed to determine the total District contribution.

<u>Classified, Confidential, and Classified Management</u> employees may retire with District-paid medical benefits after the later of age 50 and 10 years of continuous service. Benefits are paid for the lesser of 5 years or until age 65 (Medicare eligibility age). If the retiree dies before the end of the prescribed benefit period, the surviving spouse will be entitled to any unused benefits.

<u>Certificated Management</u> employees negotiate their own retiree health packages. Contracts currently in effect guarantee benefits at least as valuable as those provided to Certificated unit members.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 9 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

The District had 15 retired employees receiving benefits and 54 active employees, as of July 1, 2010, the effective date of the triennial OPEB valuation. For the District, OPEB benefits are administered by District personnel. No separate financial statements are issued.

<u>Funding Policy</u>: The District's agreement with employees is for monthly contributions for members who meet the eligibility criteria of their collective bargaining agreement and who retire during the term of the contract. The contribution requirements of plan members and the District are established and may be amended by the District's Board of Trustees through the collective bargaining process. The members receiving benefits contributions vary depending on the level of coverage selected. The District currently pays for post employment healthcare benefits on a pay-as-you-go basis, and these financial statements assume that pay-as-you-go funding will continue.

<u>Annual OPEB Cost and Net OPEB Obligation</u>: The following table shows the components of the District's Annual OPEB Cost for the fiscal year ended June 30, 2012, the amount actually contributed to the plan, and changes in the District's Net OPEB Obligation that resulted in a Net OPEB Obligation of \$638,252 for the year ended June 30, 2012.

Normal service cost at end of year	\$ 159,301
Amortization of UAAL with interest to end of year	 205,530
Annual required contribution (ARC)	364,831
Interest on Net OPEB Obligation	21,865
Adjustment to ARC	 (28,447)
Annual OPEB cost (expense)	358,249
Contributions for the fiscal year	 (157,303)
Increase in Net OPEB Obligation	200,946
Net OPEB Obligation - June 30, 2011	 437,306
Net OPEB Obligation - June 30, 2012	\$ 638,252

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for the last three fiscal years was as follows:

Fiscal Year Ended	Annual <u>OPEB Cost</u>	Percentage Contributed	Net OPEB Obligation
June 30, 2012	\$ 358,219	43.91%	\$ 638,252
June 30, 2011	361,780	35.16%	437,306
June 30. 2010	323.326	37.30%	202.724

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 9 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONCLUDED)

<u>Actuarial Methods and Assumptions</u>: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point.

The projection of future benefits for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of future events far into the future. Examples include mortality, turnover, disability, retirement and other factors that affect the number of people eligible to receive future retiree benefits. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2010, actuarial valuation, the liabilities were computed using the projected unit credit cost method and the District's unfunded actuarial accrued liability is being amortized using the level dollar method over 30 years. The valuation utilized a 5% discount rate and a 5% expected long-term rate of return on District assets. The valuation assumes an initial medical rate increase of 8% which grades down to an ultimate rate of 5% after four years. Dental premiums are assumed to increase by 4% per year.

NOTE 10 - LONG-TERM LIABILITES

A schedule of changes in long-term liabilities for the year ended June 30, 2012, is shown below:

	Balances July 1, 2011			Additions Deductions				Balances ine 30, 2012	Due within One Year	
										_
Compensated Absences	\$	34,007	\$	24,460	\$	34,007	\$	24,460	\$	24,460
Lease Revenue Notes		420,000						420,000		
Early Retirement Incentives		104,224		20,000		33,124		91,100		19,654
Other Post Employment Benefits		437,306		358,249		157,303		638,252		
Totals	\$	995,537	\$	402,709	\$	224,434	\$	1,173,812	\$	44,114

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 11 - FUND BALANCES

The District's fund balances at June 30, 2012 consisted of the following:

		General Fund		Deferred Maintenance <u>Fund</u>		on-Major vernmental Funds	<u>Totals</u>		
Nonspendable	\$	2,000			\$	14,614	\$	16,614	
Restricted	Ψ	•			Ψ	•	*	•	
Restricted		6,167				144,205		150,372	
Assigned		763,022	\$	450,758		152		1,213,932	
Unassigned:									
Economic Uncertainties		276,192						276,192	
Other		506,147				(14,614)		491,533	
Total Fund Balances	\$	1,553,528	\$	450,758	\$	144,357	\$	2,148,643	

NOTE 12 - ON-BEHALF PAYMENTS MADE BY THE STATE OF CALIFORNIA

The District was the recipient of on-behalf payments made by the State of California to the California State Teachers' Retirement System (CalSTRS) for K-12 education. These payments consist of state general fund contributions of \$110,901 to CalSTRS (4.855% of creditable compensation subject to CalSTRS).

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

A. California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability, and survivor benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from the CalSTRS, 100 Waterfront Place, West Sacramento, California 95605.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS (CONCLUDED)

A. California State Teachers' Retirement System (CalSTRS) (Concluded)

Funding Policy

Active plan members are required to contribute 8.0% of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2011-12 was 8.25% of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalSTRS for the fiscal years ended June 30, 2012, 2011, and 2010, were \$169,818, \$173,814, and \$188,451, respectively, and equal 100% of the required contributions for each year.

B. <u>California Public Employees' Retirement System (CalPERS)</u>

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 Q Street, Sacramento, CA 95811.

Funding Policy

Active plan members are required to contribute 7.0% of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2011-12 was 10.923%. The contribution requirements of the plan members are established by State statute. The District's contributions to CalPERS for the fiscal years ended June 30, 2012, 2011, and 2010, were \$108,646, \$110,849, and \$100,950, respectively, and equal 100% of the required contributions for each year.

C. Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The District has elected to use Social Security as its alternative plan. Contributions made by the District and participating employees vest immediately. The District contributes 6.2% of an employee's gross earnings. In addition, employees were required to contribute 4.2% of their gross earnings from July 2011 through June 2012.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 14 - RISK MANAGEMENT

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2011-12, the District participated in three joint powers authorities (JPAs) for purposes of pooling for risk. There were no significant reductions in coverage during the year. Settlements have not exceeded coverage in any of the past three years.

NOTE 15 - JOINT VENTURES

The District participates in three joint ventures under joint powers agreements with Butte Schools Self-Funded Program (BSSP), North Valley Schools Insurance Group (NVSIG), and the Schools Excess Liability Fund (SELF). The relationships between the District and the JPAs are such that the JPAs are not component units of the District for financial reporting purposes.

The JPAs arrange for and/or provide coverage or services for its members. The JPAs are governed by a board consisting of a representative from each member district. Each board controls the operations of their JPAs, including selection of management and approval of operating budgets independent of any influence by the member districts beyond their representation on the Board. Each member district pays a premium commensurate with the level of coverage or service requested and shares surpluses and deficits proportionately to their participation in the JPAs. The JPAs are audited on an annual basis. Audited financial statements can be obtained by contacting each JPA's management.

NOTE 16 - COMMITMENTS AND CONTINGENCIES

A. <u>State and Federal Allowances, Awards and Grants</u>

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

B. <u>Litigation</u>

The District is subject to various legal proceedings and claims. In the opinion of management, the ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

BIGGS UNIFIED SCHOOL DISTRICT SCHEDULE OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES BUDGET AND ACTUAL - GENERAL FUND FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Auditor's Comments

The fund balances of the General Fund, Special Revenue - Special Reserve Fund, and Special Reserve for Postemployment Benefits Fund have been combined for financial reporting purposes in accordance with GASB Statement No. 54.

The audited financial statements of all other funds were in agreement with the Annual Financial and Budget Report for the fiscal year ended June 30, 2012.

SCHEDULE OF FINANCIAL TRENDS AND ANALYSIS

Available Reserves as a Percentage of Total Outgo		9.8%		14.16%	27.71%		28.0%
Average Daily Attendance at P-2		496		497	529		558
Total Long-Term Liabilities	\$	1,129,698	\$	1,173,812	\$ 995,537	\$	345,450

^{*} Amounts reported for the 20112-13 budget are presented for analytical purposes only and have not been audited.

The fund balance of the General Fund decreased \$74,985 (4.6%) over the past two years. The fiscal year 2012-13 budget projects a decrease of \$625,222 (40.2%). For a district this size, the state recommends available reserves of at least 4% of total general fund expenditures, transfers out, and other uses (total outgo).

The District produced an operating surplus of \$78,848 during fiscal year 2010-11, and incurred operating deficits of \$59,741 and \$153,833 during fiscal years 2009-10 and 2011-12, respectively.

Average daily attendance has decreased 61 ADA over the past two years. The District projects a decrease of 1 ADA during fiscal year 2012-13.

Total long-term liabilities increased \$828,362 over the past two years, due primarily to the District's increased obligation for other post employment benefits, and the prior year issuance of lease revenue notes.

^{**} Reported balances are a component of available reserves.

NOTES TO SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - PURPOSE OF STATEMENTS AND SCHEDULES

A. Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, the District is required to present a Schedule of Revenues, Expenditures, and Changes in Fund Balance budgetary comparison for the General Fund and each Major Special Revenue Fund that has an adopted budget. This schedule presents the original adopted budget, final adopted budget, and the actual revenues and expenditures of each of these funds by object.

B. Combining Statements

Combining statements are presented for purposes of additional analysis, and are not a required part of the District's basic financial statements. These statements present more detailed information about the financial position and financial activities of the District's individual funds.

C. Schedule of Funding Progress

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 45, the District is required to present a Schedule of Funding Progress which shows the funding progress of the District's OPEB plan for the most recent valuation and the two preceding valuations. The information required to be disclosed includes the valuation date, the actuarial value of assets, the actuarial accrued liability, the total unfunded actuarial liability (or funding excess), the actuarial value of assets as a percentage of the actuarial accrued liability (funded ratio), the annual covered payroll and the ratio of the unfunded actuarial liability (or funding excess) to annual covered payroll.

D. Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

E. Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

F. Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of federal awards includes the federal grant activities of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

BIGGS UNIFIED SCHOOL DISTRICT NOTES TO SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - PURPOSE OF STATEMENTS AND SCHEDULES (CONCLUDED)

G. Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balances of all funds, as reported in the Annual Financial and Budget Report to the audited financial statements.

H. Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Trustees Biggs Unified School District Biggs, California

We have audited Biggs Unified School District's compliance with the types of compliance requirements described in the *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2011-12* to the state laws and regulations listed below for the year ended June 30, 2012. Compliance with the requirements of state laws and regulations is the responsibility of the District's management. Our responsibility is to express an opinion on Biggs Unified School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2011-12*, prescribed in the California Code of Regulations, Title 5 section 19810 and following. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state laws and regulations listed below occurred. An audit includes examining, on a test basis, evidence about Biggs Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Biggs Unified School District's compliance with those requirements.

We did not perform tests for the independent study program or the continuation education program because the ADA claimed by the District does not exceed the threshold that requires testing.

In our opinion, Biggs Unified School District complied, in all material respects, with the state laws and regulations referred to above for the year ended June 30, 2012.

This report is intended solely for the information and use of the District's Board, management, California State Controller's Office, California Department of Finance, California Department of Education, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Biggs Unified School District Biggs, California

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Biggs Unified School District, as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 6, 2012. The report on the financial statements was qualified because the financial statements do not include financial data for the District's legally separate component unit. Accounting principles generally accepted in the United States of America require the financial data for the component unit to be reported with the financial data of the District's primary government unless the District also issues financial statements for the financial reporting entity that include the financial data for its component unit. The District has not issued such reporting entity financial statements. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Biggs Unified School District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described at 12 - 1 / 30000 in the accompanying Schedule of Findings and Questioned Costs, that we consider to be a significant deficiency. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Trustees Biggs Unified School District Page Two

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The District's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the responses and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the District's Board, management, California State Controller's Office, California Department of Finance, California Department of Education, Federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees Biggs Unified School District Biggs, California

Compliance

We have audited Biggs Unified School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Biggs Unified School District's major federal programs for the year ended June 30, 2012. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on Biggs Unified School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Biggs Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Biggs Unified School District's compliance with those requirements.

In our opinion, Biggs Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of Biggs Unified School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Internal Control Over Compliance (Concluded)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the District's Board, management, California State Controller's Office, California Department of Finance, California Department of Education, Federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

SECTION II - FINANCIAL STATEMENT FINDINGS

12 - 1 / 30000

SIGNIFICANT DEFICIENCY

CAFETERIA - CASH RECEIPTS

<u>Criteria</u>: In order to maintain appropriate internal control over cafeteria cash

receipts, duties should be segregated to ensure that individuals, who have access to cash, do not have access to the accounting records that support the amount of cash that should have been

collected.

Condition: The Cafeteria Director has access to the cafeteria cash receipts

and the accounting records, which support the amounts that should have been collected. As a result, the Cafeteria Director performs incompatible functions that result in a significant deficiency in

internal control.

Questioned Costs: None.

Context: The District collects approximately \$20,000 in local cafeteria sales

each year.

Effect: Errors or improprieties may occur and not be detected in a timely

manner.

Cause: The District has not previously been informed of the internal control

weakness caused by the inadequate segregation of duties.

Recommendation: The District should develop procedures to ensure that the Cafeteria

Director does not have access to any cafeteria cash receipts, or an alternative procedure that requires an independent reconciliation of

meals served to total revenue received.

District Response: Since it is very difficult for a small District to completely segregate

the incompatible functions, the Business Manager will now perform an independent reconciliation of meals served to total revenue

received.
