BIGGS UNIFIED SCHOOL DISTRICT

Biggs, California

HIGH SCHOOL GRADUATION REQUIREMENTS**Review of Academic Progress Prior to Graduation**

A program shall be established and maintained to ensure that each student, upon reaching the age of 16 or prior to the end of the tenth grade, whichever occurs first, has received a systematic review of his/her academic progress and counseling on the options available to the student during the final two years of high school. The program shall provide for meeting with the student and, where feasible, with the student's parent/guardian, to explain the academic progress needed for satisfactory completion of high school. The program shall give first priority to identifying students who are not earning credits at a rate which will enable them to graduate with the rest of their class and to providing these students with counseling services.

Waiver of District Graduation Requirement

A student may request the district to waive specific graduation requirements not required by Education Code 51200 et seq.

Any student request to waive such graduation requirements must be presented to the principal in writing. The parent or guardian must meet with the principal to discuss the reasons for the request.

Criteria to be used in considering approval of a waiver request will include:

- Evidence of the acquisition of the content of the course to be waived through formal or informal means.
- Adequacy of the reason for the waiver request.
- Religious or other objections of course content.

Standards of Proficiency

A separate assessment will be made of the student's proficiency in each skill area. A separate score will be given in each skill area.

Proficiency assessment results shall be used by the instructional staff to determine whether a student needs additional assistance in mastering basic skills. The instructional staff will determine the appropriate instructional program necessary to assist the student.

Graduation Course Requirements

A student will have met the course requirements for graduation from high school by completing courses of study to include:

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

Alternative Sources of Credit

The district will accept credits earned in an accredited program from: community college, adult education program, Regional Occupation Program, approved private instruction, correspondence courses, work experience, summer school and independent study courses. Such alternatives are designed for students who, for compelling reasons, such as the course not offered or a schedule conflict, and are unable to complete the regular course of study. Any student wishing to use any alternative means for completing the prescribed course of study must secure prior approval from the principal with the advice and counsel of appropriate counseling and instructional staff members. The principal will determine the acceptability and the quantity of credits to be applied toward graduation from Biggs High School.

Biggs High School Senior Ranking

A hand calculation which eliminates Teacher Assistant, Office Aide, Study Hall and any grades earned in summer school, community college, extension courses or adult education classes will be necessary to insure fairness in the selection of the Valedictorian, Salutatorian candidates and in establishing the Biggs High School Senior Class Rank. This calculation will be done at the end of the third quarter of the senior year.

All College Connections program student must PRE-SELECT the college classes that they will transfer back to Biggs High School for these calculations. The only college classes that will be awarded Advanced Placement, (AP) bonus points will be those that match the opportunities for any/all other non-college connection students. For example if Biggs High School is offering two AP on campus opportunities for seniors, then the College Connection students can transfer back two AP honors classes for the purpose of selecting

Valedictorian, Salutatorian and class rank. Additionally, the college connection courses will be verified through the college catalogue and course description for authentic matching.

Students taking a College preparatory track will be awarded one extra point one time in the calculations, and student taking Advanced Placement courses will be awarded one additional point, provided the student has taken at least two AP courses at Biggs High School. A College Preparatory course of study is defined as "course work that qualifies a student to enter the CSU system." Additionally, the current California Scholastic Federation (CSF) eligible course listing will be used as the guide for determining what constitutes a College Preparatory course of study.

Review of Academic Progress Prior to Graduation

A program shall be established and maintained to ensure that each student, upon reaching the age of 16 or prior to the end of the tenth grade, whichever occurs first, has received a

systematic review of his/her academic progress and counseling on the options available to the student during the final two years of high school. The program shall provide for meeting with the student and, where feasible, with the student's parent/guardian, to explain the academic progress needed for satisfactory completion of high school. The program shall give first priority to identifying students who are not earning credits at a rate which will enable them to graduate with the rest of their class and to providing these students with counseling services and/or alternative methods to acquire credits.

A separate assessment will be made of the student's proficiency in each skill area. A separate score will be given in each skill area.

Proficiency assessment results shall be used by the instructional staff to determine whether a student needs additional assistance in mastering basic skills. The instructional staff will determine the appropriate instructional program necessary to assist the student.

Notice shall be sent to all parents/guardians of students in grades 9th through 12th to inform them that the student shall not graduate from high school unless the prescribed proficiency standards and the required course work for graduation are met. If any student does not show adequate progress in mastery of basic skills as measured by the proficiency assessments, the principal shall arrange a conference between a certificated employee familiar with the student and the student's progress, the parent/guardian of the student, and the student to discuss the results of the proficiency assessment and to recommend action to improve the student's progress.

Instruction in basic skills shall be provided for any student who does not show enough progress toward mastery of basic skills and shall continue until the student has been given numerous chances to achieve mastery. Such instruction will be provided in tutorial classes and/or summer school programs.

Graduation Course Requirements

A student shall not receive a diploma of graduation from high school if the standards of proficiency or graduation requirements have not been met.

A student denied a diploma for not having passed the district proficiency examination will later be awarded a diploma, without taking additional coursework, if he/she passes the district proficiency examination in basic skills and meets all other graduation requirements.

The district will offer remedial instruction for such students in the semester or summer session following the semester in which the student would have graduated.

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

Minimum Proficiency Requirements

The Board shall adopt standards of proficiency in reading comprehension, writing, and computational skills, and any other skill areas the Board may deem appropriate. Testing of these proficiencies shall start in the 7th grade.

If a student does not pass these tests in basic skills, the student and parent/guardian shall be required, in writing, to attend a meeting to discuss the results of the tests and to determine a course of action to help the student to improve in the basic skills.

The Board directs the Superintendent to make provision for the periodic screening of assessment instruments for racial, cultural, or sexual bias.

Upon recommendation from the Superintendent or designee, the Board of Trustees may waive requirements in cases of exceptional hardship e.g. illness or a last minute transfer into the district.

Biggs Grades 7-8

1. Students must demonstrate proficiency of the U.S. Constitution (8th Grade).
2. Students must pass (D or above) all core classes (math, science, social science and English Language Arts) in both seventh and eighth grade.

Upon recommendation of the Superintendent or designee the Board may waive requirements in cases of exceptional hardship, (e.g. illness or last minute transfer into the district).
