

Biggs Unified School District

District Advisory Committee
October 18, 2010
Agenda

- Welcome and review purpose of the District Advisory Committee (DAC)
- Complete the District Assistance Survey (DAS) from the CA Dept. of Education.

Patty Garrison from the Butte County Office of Education will work with the committee to Complete the survey. She will return to our December DAC meeting to review the results.

The purpose of the District Assessment Survey (DAS) is to help a district analyze the nature and coherence of its operation, which supports a coherent, school-level instructional program that improves student achievement. Because student achievement in reading/language arts and mathematics is central to student success in other areas, this survey analyzes district support for schools in these primary areas of student literacy. The survey is designed to reveal how a district supports schools in seven categories that directly impact student achievement:

1. *Standards-based Curriculum, Instruction, and Assessment*
2. *Professional Development*
3. *Human Resources*
4. *Data Systems/Data Analysis/Ongoing Monitoring*
5. *Parent and Community Involvement*
6. *Fiscal Operations*
7. *Governance and Leadership*
