*There will be no pesticide applications during regular school hours, unless the presence of that pest is deemed more dangerous than the treatment. **This list is in compliance with the Healthy Schools Act, which requires that all parents and staff be informed, on an annual basis, of the pesticides that may be applied on their school campus for the year. Therefore, the reader of this list should not draw any conclusions about actual pesticide application in the District. Because the Biggs Unified School District adheres to an IPM policy, or reduced pesticide approach to pest control, actual applications of any of the above pesticides will vary from site to site depending on the situation. Each school site will have a record of any and all pesticide applications. This record is viewable to the public, upon request, at the school office.
