### **School Description**

Richvale Elementary believes that the public interest is best served through assuring high quality education for all students and believes knowledgeable, well-trained, and effective educators are essential to achieving excellence in education. The staff is dedicated to providing high quality program through a combination of effective and innovative teaching methods.

Richvale is a small rice-growing community, located 75 miles north of Sacramento and 20 miles south of Chico. The nearest shopping, medical, and county facilities are ten miles away. Community members are consistently supportive of the school.

Richvale Elementary is one of four schools in the Biggs Unified School District. Our school has three classrooms. Other facilities include a full-sized gymnasium with a stage and a cafeteria. The school employs two teachers and three instructional aides. During 2015-16, one principal oversaw both Richvale and Biggs Elementary schools, along with lead teachers on-site at both locations.

Our Mission is to provide a safe and effective learning environment, which enables students to achieve their maximum potential!

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

The district utilizes a process for adopting standards-based core instructional materials from the most recent State Board of Education (SBE) approved materials list. A committee of administrators and teachers are involved in the review process and make a recommendation to the Board of Trustees for district adoption. Parents have the opportunity to review materials that are recommended for adoption prior to approval. All supplemental curriculum or non-adopted textbooks or instructional materials are standards aligned.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The current Richvale Elementary building was completed in 1964. The district maintenance department takes care of all campus buildings. The district participates in the State deferred maintenance program. Proposed maintenance projects are listed in five-year plans. Like a majority of the district facilities, Richvale Elementary School is eligible for modernization funding through the Office of Public School Construction. The district will be working to modernize each school site to ensure that the facilities remain in good repair.

All school facilities comply with the Williams Act. All school facilities are clean, safe, and maintained in good order. Facility improvements include: replaced gym door, hardware, exterior steps, classroom door and hardware, repaired and updated water sample station, installed security cameras and posted safety rules signage.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	15-16	16-17	15-16	16-17	15-16	16-17
ELA	22	63	20	30	48	48
Math	22	32	16	15	36	37

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

School Year 2016-17 CAASPP Assessment Results - English Language Arts (ELA) Disaggregated by Student Groups, Grades Three through Eight and Eleven				
Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	25	25	100	62.5
Male	11	11	100	54.55
Female	14	14	100	69.23
American Indian or Alaska Native	--	--	--	--
Hispanic or Latino	--	--	--	--
White	17	17	100	70.59
Socioeconomically Disadvantaged	13	13	100	50
English Learners	--	--	--	--
Students Receiving Migrant Education Services	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	14-15	15-16	14-15	15-16	14-15	15-16
Science	0	--	31	42	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2017-18)

Parent and community involvement in all types of activities is excellent at Richvale Elementary.

There is an exceptionally active parent club - Richvale Parent Association - the parent groups have been instrumental in spearheading several school fund-raising drives and projects, including the purchase and installation of playground equipment and computers. Parents are often called upon to help with school-sponsored fund-raisers and programs, for example Shady Creek Environmental Camp that supplements our sixth grade field trip experiences.

The School Site Council (SSC) takes an active leadership role in supporting our teachers and students.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

The Comprehensive School Safety Plan complies with state requirements and addresses school safety strategies that are preventative and an annual goal for improving school safety. Regular emergency drills are conducted and include evacuation, lock-down, earthquake and shelter-in-place. The School Site Council reviews and approves the school safety plan annually.

The district-wide Crisis Response Procedures document outlines the district emergency management procedure. Crisis response teams with varied functions are established to support schools in crisis situations. Specific response procedures to earthquakes, fire/explosion, intruders on campus, as well as many of emergency disasters are outlined.

Each year, safety checks are conducted by district maintenance in conjunction with local fire and police. The district is mandated to correct any safety deficiency.

The district has a Safety Committee which meets regularly to address safety needs throughout the district.

For more information or to view the Comprehensive School Safety Plan and Crisis Response Procedures, please contact the District Office at (530) 868-1281 ext 250.

\* Number of classes indicates how many classes fall into each size category (a range of total students per class).

**Professional Development provided for Teachers**

For the previous three school years, the school has had three days each year dedicated to staff and professional development. Opportunities for staff development also occur during the school year through various organizations including Butte County Office of Education.

Beginning in 2011-12 the school implemented the Explicit Direct Instruction in core curriculum areas and the Reading Mastery program. All instructional staff received training at the Direct Instruction Conference for Reading Mastery in Oregon in early fall of 2012. Teachers and staff are coached by a trained district teacher leader. In early fall 2012 teachers also received training for the implementation of Saxon Math. In 2016-17 teachers and staff received professional development and Benchmark the district adopted ELA curriculum at the school site.

### Types of Services Funded

The District operates several Federal and State programs including the following reported in the Consolidated Application: Title I, Title II, and Special Education. In addition, the district offers an after-school program (operated by the Butte County Office of Education).

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
